Teamster Probe Ordered

Beck Receives Suspension by Labor Council

WASHINGTON (AP)—The AFL-CIO executive council today suspended Teamsters' Union boss Dave Beck as an AFL-CIO officer and ordered an inquiry into the entire Teamsters' Union.

Beck's suspension as an AFL-CIO vice president and council member is effective immediately, and until the outcome of charges being brought against him by the executive council.

The actions were announced by George Meany, AFL-CIO president, after a two-hour council meeting.

Meany said Beck's suspension is effective immediately while the council considers charges against him based on what he termed Beck's "actions in bringing the labor movement into disrepute" and his failing to explain "the many charges against him" concerning use of Teamster Union funds before the Senate Rackets

Pleaded Rigths

Investigating Committee.

Beck pleaded his constitutional rights, invoking the Fifth Amendment, when questioned by the senators Tuesday and Wednesday. The amendment protects a witness against being required to give evidence that might be self-incriminating.

The committee told Beck the evidence it had collected indicated he had diverted some $320,000 of union funds to his peronal use.

The AFL-CIO council directed that the labor organization's five-member ethical practices committee investigate the Teamsters' Union "to determine whether or not the Teamsters' International Union is substantially dominated or controlled by corrupt influences."

Could Lead to Ouster

This latter investigation—separate from the investigation of Beck—could lead to ouster of the teamsters from the federation unless the union moves to rid itself of alleged corrupt leadership.

The council's actions are probably the most drastic ever taken by organized labor in America against a union leader of so high a position.

It gave substance to the AFL-CIO assertions in recent months that it is ready to work with congressional committees and other public bodies to clean every semblance of corruption from the 15-million member AFL-CIO.

Precedent Set

Earlier this year, the council had expelled a Philadelphia union official, Charles Naddo, and had temporarily suspended three small unions.

These unions were the Distillery Workers, Laundry Workers and Allied Industrial Workers.

Indictments Blast Mayor Of Portland

Schrunk Is Accused Of Perjury, Bribery; 3 Others Also Named

PORTLAND, Ore. (AP) — Terry Schrunk, mayor of this city torn by vice accusations, was arrested Thursday night on charges of perjury and accepting a bribe.

Dist. Atty. William Langley, a city police officer and a Portland gambler also were indicted by the Multnomah County (Portland) grand jury, which has been investigating charges of vice and corruption.

Langley, chief legal officer of the county, was accused of corruption and malfeasance for not upholding the gambling laws, of conspiring to obstruct justice by permitting gambling, and of accepting a bribe from persons "unknown." He was released on $3,000 bail.

Both Langley and Schrunk were key witnesses recently at the Portland phase of the Senate labor racketeering hearings.

Langley cited the Fifth Amendment to protect himself from possible self-incrimination when asked about charges that he had conspired with certain Teamsters Union officials and others to expand vice activities in this city of 400,000.

Schrunk denied accusations that he had accepted a bribe and he offered to take a lie detector test. Later, though, he walked out on the test, conducted by the Secret Service, contending that the ques-

A PROPOSAL TO ADD a fifth floor to Marion General Hospital was announced today. It would be constructed on top of this section of the building, which was orignally designed so that a fifth floor could be added with little difficulty. The fifth floor, plus other improvements, would cost an estimated $750,000. Hospital governors are planning to ask that a bond issue be submitted to the voters.

Board To Ask Vote on Issue For November

Plans to place a bond issue on the November ballot to construct and equip a fifth floor at Marion General Hospital, expand parking facilities and erect a small maintenance building separate from the hospital were announced today by the hospital board of governors.

Total cost of the proposed improvements is estimated at $750,000, H. J. Grigsby, board member, reported.

Whether the bond issue definitely will come up for a vote at the November election will be decided by Marion City Council and the Marion County Commissioners. Both must adopt resolutions authorizing the placing of the bond issue on the ballot, he said.

Council is expected to consider its resolution for this purpose at its next regular meeting on April 8.

Plans are to start construction of the improvements in 1958 and have them in use early in 1959, Mr. Grigsby said. This is dependent on authorization by council and the commissioners to place the bond issue on the fall ballot and the subsequent approval of the issue by the voters, he added.

Cost About One-Half Mill

Miss Irene Tinklepaugh, hospital administrator, said it has been estimated that the hospital improvement bond issue would cost the property owners in the city and county less than one-half mill in additional taxes. Estimates are the cost would run from 35-cents to 50-cents a year on each $1,000 of valuation, she said.

In explaining the need for a fifth floor, Miss Tinklepaugh said the hospital, opened two years ago, already is overcrowded and will become even more crowded in the future, with the population growth of Marion.

Expansion Built In

The hospital was constructed with an expansion program in mind.

"The hospital commissioners were far thinking in the planning of the hospital in that ancillary facilities such as laundry, kitchen, power plant, operating rooms and delivery rooms were so designed and constructed to accommodate a future fifth floor with an additional 50 to 55 beds," she declared.

The building board possibly would have built the fifth floor as part of the original construction had the necessary funds been available, she reported. However, the bonded indebtedness of the county was at the maximum at the time the hospital bond issue was voted upon in 1950. Further, a survey, using the United States Public Health figures, showed that a hospital which would accommodate 160 patients would be adequate in the Marion area for a period of 10 years.

"This, however, was not the case. Since completion, the new hospital has already been taxed to a maximum on frequent occasions in the medical and surgical divisions," the administrator said. The maternity floor and facilities for the care of children will in all probability be adequate for several years, she reported.

At the present time the solaria on both the medical and surgical

Issue Argued On Disaiblity Of President

Ike Suggests Cabinet Decide but Leaders Of Congress Protest

WASHINGTON (AP) — President Eisenhower proposed today that the Cabinet be authorized to decide whether a President is temporarily disabled, so that the vice president can take over.

Under Eisenhower's plan that action would be taken if the chief executive himself is unable or unwilling to make the decision himself.

Eisenhower's suggestion that the Cabinet decide by a majority vote ran into opposition immediately at an Eisenhower conference with congressional leaders of both parties.

Feel No Need

Some of the leaders told newsmen they feel there is no need whatever for a constitutional amendment such as Eisenhower proposed.

Others took the position that the situation can be dealt with through a simple law, without resort to a change in the Constitution.

Eisenhower called today's meeting with Democratic and Republican leaders in an effort to resolve uncertainty left by the Constitution in its present form, as to procedure in the case of disability of a President.

Prompted by Illness

An administration study of the matter during the last three months was prompted largely by the President's own two major illnesses since September, 1955. But While House Press Secretary James C. Hagerty told a news conference today that the constitutional amendment Eisenhower favors would in all likelihood not be applicable to Eisenhower personally.

There had been some expectation ahead of the conference that the administration plan might cover only the power of the President himself to decide when to step down.

First Convoys Begin Passing Through Suez

Egypt Collects Tolls From 10 Vessels; 2 Groups Slated Daily

PORT SAID (AP)—A convoy entered the Suez Canal today, the first since the waterway was blocked last November. Six ships—ranging in size from 7,064 tons to 1,385—paid tolls to Egypt.

The convoy was made up of four Italian vessels, two Russians, one, Greek, one from West Germany, one Romanian and one Finnish. It entered the southern end of the 103-mile canal, which Egypt's Suez Canal Authority had announced would be open today to ships of up to 11,000 tons. This includes vessels of a maximum 28½-foot draft.

The authority said two convoys —one from each end—will now be permitted to go through the waterway daily.

An authority spokesman said lighting facilities are not yet in order and night sailing through the canal will not be allowed This means ships will have to anchor in the canal overnight for the time being.

Creditor To Make Study of Coliseum

The Marion County Agricultural Society, in a further step to solve the financial distress confronting the Veterans Memorial Coliseum, has agreed to turn all records of its business transactions over to representatives of Ohio Sports Service, Inc., for an analysis of what events and activities have been financially successful.

This decision climaxed a meeting Thursday night of members of the society, representatives of the corporation from its home office in Buffalo, N. Y., and Columbus, the Marion County commissioners, and attorneys for both groups.

—:—

THE VOTE AMONG society members present to have the survey analysis made was unanimous after the group heard Robert O. Stout, county prosecutor, and Paul D. Michel, attorney for the society, tell them they had "everything to gain, nothing to lose" by having the analysis made. The service was offered cost-free to the local group.

Present to represent the corporation from Buffalo was F. W Greune. Attorneys attending the meeting on the Sports Service's behalf were Claude McClesky Jr. and Waymon McClesky Sr., both of Columbus.

The meeting was called specifically to ascertain what the Marion agriculture group could do about a debt of approximately $70,000 owed the Sports Service organization for concession and ice machinery equipment installed in the Coliseum.

—:—

MR. GREUNE opened the proceedings by noting that the original agreement between his concern and the Coliseum Board of Governors was made in 1950, at which time Ohio Sports Service installed concession equipment at a cost of about $26,000, which was to be repaid from receipts from concession sales. The contract ran through 1953, Mr. Greune noted, at which time a total of $825 had been repaid on the amount owing. The contract then was renewed.

Then in 1953, the ice machinery was installed in the Coliseum at an additional cost to the corporation of $46,254, making, as of July 1 of that year, a total expenditure on the part of the Sports Service group of $71,079. The debt was to be repaid at an interest rate of five per cent.

—:—

MR. GREUNE pointed out that since July, 1953, a total of about $13,115 has been paid on the debt, $12,890 of which was interest. The net amount still due on the overall debt is now $70,855, he said.

Joe Vogel, president of the Agriculture Society, reviewed the Coliseum's present predicament, asserting that the building had made money until the ice machinery was installed. Since then, he declared, financial losses have been heavy and steady.

"We are convinced that we can never make money with that

O'Neill Backs Up Warning On Gambling

4 Lucas County Spots Padlocked; Sheriff Blasted by Governor

TOLEDO, Ohio (AP)—Are syndicate gamblers trying to make a comeback in Ohio?

State officials who think the gamblers are making such an attempt provided information that resulted in the padlocking Thursday of four alleged gambling clubs in Lucas County.

Temporary padlock injunctions were issued by Judge John M. McCabe against the New Benore Club, the Old Benore Club, the New Dix Inn and The House.

In Columbus, Gov. C. William O'Neill termed the Lucas County activities "a real Las Vegas operation" and criticized Sheriff William Hirsch's handling of the matter.

Sheriff Hirsch, on vacation in Florida, told a reporter by phone that he took issue with O'Neill's comparison with Las Vegas.

"About 25 years ago you could have said something like that against Lucas County, but you can't call it Las Vegas now," he said.

Hirsch added that, "I've been cooperative all the years I've been sheriff. There'll be no gambling in my county if I can help it."

Refers to Warning

O'Neill said he had received only one other report of gambling in Ohio. He said that was from New Boston, Portsmouth suburb, and that the report was under investigation.

O'Neill referred to a warning he gave Ohio sheriffs about gambling the day after he took office in January.

"I want to point out," the governor remarked, "that I was serious about this business.

"What happens in Lucas County . . . is going to happen to anyone who attempts to open a gambling establishment in Ohio."

The state got into the investigation on a report, later found false, that liquor was being sold in spots where gambling was being carried on.

Robert B. Krupansky, state liquor director, said his agents gambled within the last five weeks at the places ordered locked.

And he told reporters here that his agents found evidence that alleged gambling in the four clubs was controlled by a Detroit syndicate as an adjunct to an operation in Windsor, Ont.

House Slashes Welfare and Labor Budgets

WASHINGTON (AP) — The government's big health and welfare programs were in danger of being caught today in a budget-cutting drive in the House.

A coalition of Republicans and Southern Democrats is bent on slashing around 300 million dollars from 1958 appropriations for the Labor Department and the Department of Health, Education and Welfare.

Funds for both the departments are lumped in a bill which the House has been considering for three days and which it hopes to send to the Senate next week after one of the longest money bill debates in recent years.

The House Thursday finished the Labor Department section of the omnibus measure, trimming it $35,784,800 below what President Eisenhower had requested and evoking a blast of criticism from Secretary of Labor Mitchell.

The cut was $15,473,100 deeper than the Appropriations Committee had recommended after a long hearing and affected almost every operation of the department.

Mitchell told a news conference he would use "every means in my power" to salvage some of the funds.

He described as "a perversion of the budget process" the House action in cutting more than the committee had recommended after lengthy hearings.

Claim Jordan Raid

TEL AVIV (AP) — Israeli Army headquarters said Jordanians fired on an Israeli freight train Thursday with automatic weapons, made a "number of hits" but there were no casualties.

The spokesman said the firing came from the Jordan border town of Tulkarm, about 20 miles northeast of Tel Aviv.

Hall Named to Board

Dr. Greetham Selected To Head Appeals Drive

Dr. James S. Greetham, local civic and professional leader, was named campaign chairman of the 1957 United Appeals fund drive by President Ralph Howard at a meeting of the trustees of United Appeals Thursday night.

In other business the trustees voted unanimously to hire Ketchum, Inc., a fund-raising firm, to direct the campaign for the coming drive and approved the appointment of Oliver Hall, works manager at the Whirlpool-Seeger Corp. plant, to fill the three-year board term of Glenn Evans who has left Marion. The term runs from January of this year to January, 1960.

Dr. Greetham, an eye specialist, has served as a divisional chairman in United Appeals drives for the last two years. Before that he was active in various capacities as a campaign worker for seven years.

President of the Marion City Board of Education, he also is serving as a representative to the

Merger Approved By Two Concerns

Merger of the Birtman Electric Co. of Chicago into the Whirlpool-Seeger Corp. of St. Joseph, Mich., has been approved by stockholders of both firms, it was announced today by Walter G. Seeger, chairman of the Whirlpool-Seeger board.

The merger will be effective April 1. At that time, the company will take the name Whirlpool Corp.

Officers and directors of Whirlpool-Seeger, of which Elisha Gray II is president will continue as officers and directors of the merged corporation.

County Group Awaits Petitions

Mergers Left to Local Boards by School Body

The Marion County Board of Education Thursday night served notice on local school boards in the county that they must take the initiative in any consolidation movement and must obtain petitions signed by a majority of the voters in the districts affected before the county board will take any action.

The decision was made after D. T. Mills, county superintendent, reported that certain groups in LaRue, New Bloomington, Green Camp and Prospect districts had approached him regarding the county board's feeling on a possible merger of the four districts into one unit.

—:—

THE COUNTY board members said they felt any future consolidations should be handled in much the same way as was the Ridgedale merger. In that instance, petitions bearing the signatures of a majority of voters in the districts affected were presented to the county board, which then gave its approval to the plan.

The board members last night discussed several possible courses of action which would benefit all school districts in the county. Among them were proposals to merge Prospect, Waldo, Claridon and Pleasant; Pleasant, Claridon and Waldo; LaRue, New Bloomington and Green Camp; Ridgedale with Tully and Caledonia, and Prospect, Waldo and Radnor in Delaware County.

—:—

REPRESENTATIVES OF the Prospect, LaRue, Green Camp and New Bloomington boards will meet April 9 at New Bloomington to consider their course of action.

Mr. Mills pointed out that there is a growing pressure on the local boards to form mergers because of a state law which will reduce the state aid received by small schools and because of a new law now before the Ohio Legislature which would permit the State Board of Education to initiate mergers in counties where local or county boards had failed to act.

Mr. Mills said the law reducing

Talks to Press in Seattle

Teamsters' Boss Calls Charges Preposterous

SEATTLE (AP)—Dave Beck talked for half an hour Thursday night, never once mentioned the Fifth or any other amendment and said it was "preposterous" to suggest he may have stolen any Teamsters Union funds.

It was not, however, in the presence of a Senate committee — just a crowd of curious newsmen and onlookers who greeted him here upon his return from two days questioning in Washington by the Senate Rackets Investigating Committee.

The reception was much quieter than a Teamsters meeting at Yakima, 130 miles to the east, where 700 angry members wrangled with Beck-appointed officers, then hanged and burned Beck in effigy.

Has No Complaint

In Seattle, the president of the nation's biggest union said he had no complaint on the treatment he received while reluctantly testifying before the Senate committee.

But, he said, such hearings are a "one-way street" without the protection afforded a man in a court of law.

Asked about a statement by Sen. McClellan (D-Ark), head of the Senate committee, that the word "theft" might apply if Beck used union funds without union consent and without repayment in full, Beck snorted:

"It is preposterous and without basis in fact. It is easy for a man in his post to make accusations. In my opinion such language is totally irresponsible."

Says Money Repaid

He said he had repaid the money he had borrowed from the union — and before he was aware his affairs were being investigated.

Sen. McClellan's parting remarks that Beck had been "in utter contempt" of the Senate committee drew the remark:

"Not in the slightest degree. I have the highest respect for their offices but they cannot intimidate me."

Executives of the international union, he told the interviewers, will launch a million-dollar public relations campaign in behalf of the union. The money, he said, will come from the union's 30-million-dollar treasury and "not by any subscription campaign."

Introduces Bill

(In Washington, however, Rep. Hoffman (R-Mich) introduced a bill in the House to prohibit unions from paying defense expenses for union officers accused of illegal acts outside the performance of their duties.

(Exceptions would permit defense of performance of official union duties or when a majority

Banker Lowers Interest Rates To Aid Stockmen

CLAYTON, N.M. (AP)—A banker who did some deep thinking when he almost became a blizzard victim a few days ago has cut interest rates to help his rancher neighbors restock.

"There will be ways and means for practically all of these people to go on," said F. H. Chilcote, president of the Farmers & Stockmen's Bank of Clayton.

He committed about $100,000 in loans Thursday to replace lost cattle.

Chilcote declined to say just how much the reduction in interest would be.

Chilcote and his son-in-law Eldean Reeves, vice president of the bank, were out almost 24 hours in the height of the storm, which devastated the northeast corner of New Mexico. Loss estimates range up to 5,000 cattle.

Chilcote's hands and feet were frostbitten, and he recalled:

"We were so close to death I began to review my past life to see if I could think of anything good enough to tell that Man up there. I couldn't think of a thing."

He and Reeves were out in a jeep in the storm looking for their own cattle from about noon Saturday to about noon Sunday. They had to abandon the jeep as drifts piled up in the 80-mile-an-hour wind.

They stumbled along a fence so they could keep their direction and finally came to a ranch home.

"The wind blew us down time and again," Chilcote said. "It blew us into the fence, and sometimes our clothes got caught, but we got loose. It was quite an ordeal."

Expert Predicts Solar Energy as New Fuel Source

COLUMBUS, Ohio (AP)—The next major development of science will be the use of solar energy as fuel, an engineering expert predicts, R. L. Rhinehart, president of the National Society of Professional Engineers said:

"Solar energy is the next big thing. We've got bits of it now. When we get to solar energy we've just about got the 'answers, but we need the 'super brains' to develop it."

Rhinehart explained that the "super brains" are those scientists who go on to advanced work after receiving a bachelor's degree.

Rhinehart spoke at the opening meeting Thursday of the 79th annual convention of the Ohio Society of Professional Engineers. The convention will continue through Saturday.

Judge Grows Beard

DALLAS (AP) — Judge Graham Purcell of Wichita Falls wants to know if his sprouting whiskers would violate court decorum when he sits in for a sick judge here next week.

Purcell asked District Court officials to rule on the matter. He said he has been growing a beard for the diamond jubilee celebration in Wichita Falls in May.

Mother Has Own Way To Curb Delinquency

COLUMBUS, Ohio (AP)—Two Columbus boys accused of juvenile delinquency are back in their homes today, under the watchful eye of a mother who knows how to use a strap.

The mother made the boys, 12 and 13, lower their blue jeans, then thrashed them with the strap while she waited for a hearing in Juvenile Court Thursday.

Referee Marion Sherer let her take the boys home with a warning that one more offense would mean the Boys Industrial School for her sons. The two have police records for breaking into railroad cars, two burglaries and stealing money from polio contribution boxes.

Promises Report

JEFFERSON, Ohio (AP)—Calvin W. Hutchins, Ashtabula County prosecutor, says he will make a "public report" which will vindicate his record in office. Hutchins said he will make the public report when he has completed a report he plans to furnish Gov. C. William O'Neill.

The prosecutor, who lashed Thursday at the Cleveland Plain Dealer for a series of articles describing practices in his office, called the series "ridiculous and unfair." Some of the statements, he said, were only "half truths."

Federal Projects Cut

WASHINGTON (AP) — Maj. Gen. Emerson C. Itschner, chief of Army Engineers, said Thursday an appropriation cut ordered by the Budget Bureau will cause a delay in the completion of some civil works projects. Engineers asked for $673,000,000 but were limited to $630,000,000, Itschner said.

Ohio projects affected are (amount originally asked given first, followed by the new request): New Cumberland locks and dam, Ohio and W. Va., $5,500,000 and $4,500,000; Toledo Harbor, $221,000 and $146,000.

Army Wants His Land

Defiant Texas Rancher Studies General's Offer

EL PASO, Tex. (AP)—Defiant old John Prather was back on his New Mexico ranch today, thinking over a general's offer of a compromise.

The 82-year-old cattleman met with Maj. Gen. Robert Wood, commanding officer of Ft. Bliss, for an hour Thursday. They talked over Prather's stubborn refusal to move from land the Army wants as part of a guided missile range.

The pioneer rancher shook hands warmly with the general when he left and said he would return to his ranch to mull over the offer.

"The general has given me lots of time," he said. "I'll get out by myself, punch cattle and think it over." Neither man would say how much time Prather has to consider the offer.

The Army wants Prather's rich grazing land as part of its new McGregor missile range in south-central New Mexico. Prather has said he would shoot any "brass" that tried to evict him. The government ordered Prather and other ranchers in the area off the land by March 30. Prather said he wanted to die on the place he spent more than 50 years building.

The decision was left to Wood, Thursday, when Prather entered the commander's office and was introduced, he said simply, "So this is the general."

Then another officer observed that whether the old rancher realized it or not, he has "a lot of friends here in the military who like you and admire you."

Prather chuckled and replied, "Looks like I need a lot of friends these days."

Wood made this offer: The government will take what land of Prather's it sought, but the old rancher will be allowed to live in his ranch home the rest of his life. All his cattle will be moved off, and, with the exception of the cattleman's home, all the land will be fenced as government property. Upon Prather's death, the land on which his home stands also will become federal property.

The government has offered more than $200,000 for Prather's land and the property of his housekeeper, Miss Mary Toy.

ASHLAND, Ohio (AP) — Officials said Patrick H. Cowen, 50, apparently fell asleep while smoking in bed, setting fire to the bedding Thursday. He died of suffocation.

School Supper Slated

Last event of the year sponsored by the Community Club for the benefit of the Caledonia School is set for Saturday at 4:30 p.m. This will be a smorgasbord supper which takes the place of the festival and fish fry held by the club in previous years. A large crowd is expected to attend.

Held to help financially both the elementary and high school, the supper will provide funds for whatever is most needed by the school at the end of the school year. Mrs Lewis Caskey is general chairman of the planning committee assisted by Mrs. Lowell Douce and Mrs. Wallace Coulter.

Bible Words for Today

GENESIS 1:31—"And God saw everything He had made, and behold, it was very good." (RSV)
REVELATION 21:5—"And He who sat upon the throne said, 'Behold, I make all things new.'" (RSV)

* * *

The ancient Hebrew had a deep zest for living, that enthusiasm for the savor of life to which the French have given the classic phrase, "joie de vivre." It is not surprising, therefore, that when a Hebrew brought to a close that anthropomorphic but marvellously true epic of creation which forms the first story in our Bible, he should have shown God looking over His stupendous handiwork and realizing with satisfaction that "behold, it was very good."

The Hebrew was a realist, as all who have a genuine zest for living must be. He knew, as few others have, how man's greed and selfishness have twisted God's creation into a caricature of its Creator's purpose. Faith in God, not cynicism over history, was his response to this cosmic tug of war. The Bible, which opens with God pronouncing his creation good, closes with his promise, "Behold, I make all things new."

Film on Egypt To Be Shown for Youth Rally

"Egypt's Broken Fragments," a sound and color film, will be shown at the Marion County Youth for Christ rally Saturday night at Emmanuel Baptist Church.

Included will be scenes from Cairo, Valley of the Kings, Nile River, Great Pyramids and temples of Karnak and Luxor photographed by Louis T. Talbot, chancellor of the Bible Institute of Los Angeles in California.

Rev. C. E. Hershey, Emmanuel Church pastor and director of the local Youth for Christ, will be in charge. A Bible quiz will be conducted by Rev. James Taylor of Union Baptist Church at West Jackson and W. A. Hough, pastor of Oak Knoll Chapel south of Marion. Rev. J. G. Stange of LaRue Baptist Church will be in charge of music and Miss Elaine Coy will be the pianist. Overseeing the ushers' and usherettes' duties will be Gerald Kelley.

Among Finalists

WASHINGTON (AP)—Miss Jackie Lee Hoppes, Washington Court House, Ohio, entered as "Miss Ohio," was one seven finalists in the Miss National Press Photographer of 1957 contest here Tuesday. Miss Carole Michelson, 18, Silver Springs, Md., "Miss Washington, D. C.," was the winner.

Ends Steel Strike

HUNTINGTON, W. Va. (AP)—An agreement on a new contract has been reached in the 75-day strike of United Steelworkers Union members against the International Nickel Co. plant here.

Plant Manager E. M. Kline announced the settlement Thursday night. The terms were not disclosed. The contract is subject to ratification by the more than 1,700 members of Local 40.

Harold Johnson, staff representative of the union local, said the striking employes would vote Saturday on the proposed settlement.

Sentences Sustained

YOUNGSTOWN, Ohio (AP)—Two city patrolmen sentenced to 1 to 20 years on morals charges involving a 15-year-old girl, had their sentences affirmed by the Seventh District Court of Appeals here Thursday.

Patrolmen Richard Amendolea and Angelo Peruzi have been free on bond pending their appeals filed after they were convicted almost a year ago. If there is no appeal to the Ohio Supreme Court, they will be taken into custody and sent to Columbus to begin prison terms.

Turkish aviation personnel are now being trained under a program sponsored by the United States International Cooperation Administration.

Born in Scott Township, Marion County, Feb. 19, 1886, she was the daughter of John R. and Margaret E. Kennedy Hill. Her marriage to Bert O. Slagle took place Feb. 21, 1926, in Marion. His death occurred May 28, 1936.

Surviving are a stepson, Millard Slagle of Dayton; two brothers, Milo and Clair Hill; two sisters, Mrs. Reathie Clutter and Miss Lois Hill, and two nieces, Mrs. Mabel Swick and Mrs. Lois Beers.

Funeral services will be conducted at 2 p.m. Saturday in the Timson Allen funeral home at Caledonia. Rev. Ralph Hollingsworth, pastor of the Kirkpatrick Methodist Church, will officiate and burial will be in Grand Prairie Cemetery. Friends may call at the funeral home.

Mrs. J. B. George

SYCAMORE—Mrs. Emma Elbertha George, 71, died at her home near Plankton northeast of Sycamore at 3:30 p.m. Thursday. Death resulted from a heart attack and was unexpected although Mrs. George had been in failing health for the last two years.

Her parents were Council F. and Eliza Pumphrey Dye and she was born in Pulaski County, Ky., on Nov. 22, 1885. She married J. B. George on Jan. 1, 1906 and he survives.

Also surviving are one son, Rue M. George of Detroit; one daughter, Mrs. Sau Kaiser who lives on the island of Guam; one foster-daughter, Mrs. Eileen Heichel at home: three grandchildren; one brother, William B. Dye of Crawfordsville, Ind., and one sister, Mrs. Florence Murphy of Wooster. Two brothers preceded her in death.

Mrs. George lived in Plankton for two years after moving from Bucyrus. She was a member of the Christian Church at Aetna, Ky.

Services will be held Sunday at 2 p.m. at Moore's Funeral Home in Sycamore. Rev. S. E. Kreider of the Plankton Methodist Church will officiate. Burial will be in Pleasant View Cemetery at Sycamore. Friends may call at the funeral home after 3 p.m. Saturday.

Mrs. James Larick

NEVADA — Mrs. Hulda Larick, 81, of southwest of Nevada died at 3 a.m. today in Wyandot Memorial Hospital at Upper Sandusky. She suffered a stroke Wednesday.

She was born Nov. 30, 1875 in Eden Township, Wyandot County, to Uriah L. and Rachel Bowldey Bachtel. Her husband, James Larick, whom she married Nov. 28, 1899, died in 1946.

Surviving are two sons, Harold Larick of west of Nevada and Paul Larick of Nevada: one daughter, Mrs. Edith Tennent of Long Island, N. Y., five grandchildren and three great-grandchildren. One son and three brothers preceded her in death.

Mrs. Larick was a member of the Nevada Lutheran Church and the Bethany Class of the church. She had lived southwest of Nevada for the last 50 years.

Funeral services will be held Monday at 2 p.m. at the Bender and Lucas Funeral Home here. Rev. K. R. Roberts of the Lutheran Church will officiate. Burial will be in Nevada Cemetery. Friends may call from 7 p.m. Saturday until time of services at the funeral home.

Mrs. William Snook

CAREY — Mrs. Daisy Belle Snook, 64, of Wharton was found dead in bed at her home about 9 a.m. Thursday by neighbors. She had suffered from a heart ailment several years.

Born April 1, 1892, near Dunkirk, she was a daughter of Abraham and Martha Jane Clark Bausman. Sept. 29, 1923, she married William Snook who died Dec. 2, 1951

Surviving is a sister, Mrs. Rose Packer of St. Marys, O. Two brothers and a sister preceded her in death.

Funeral services will be conducted Saturday at 2:30 p.m. in the Bristoll Funeral Home in Carey. Rev. Robert Fast will officiate. Burial will be at Dunkirk. Friends may call at the funeral home.

Otis W. Van Tress

KENTON—Otis W. Van Tress, 78, of Kenton died at 5:25 Thursday morning in Hardin Memorial Hospital following an illness of five years.

He was born on May 12, 1878, at Pine Village, Ind. He had lived in Kenton the last 14 years and prior to that time resided in Mount Victory. He was an employe of the Ohio Machine Tool Co. until his retirement five years ago. He was an elder and a member of the Church of Christ at Kenton and a 32nd degree Mason.

On May 18, 1901, he married Glendola Small, who survives with two daughters, Mrs. Don Hervey of Kenton and Mrs. J. W. Johns of Warwick, Va ; one brother, R. A. Van Tress, of Houston, Tex., five grandchildren and six great grandchildren. One brother preceded him in death.

Funeral services will be held at the Price Funeral Home with Rev. Frank Bartlett officiating. Burial will be in Hale Cemetery at Mount Victory. Mr. Van Tress' favorite charity was the Ohio Christian Youth Movement, of which Rev. Bartlett of the Church of Christ is supervisor.

Local Police Notified Of Cattle Theft in Knox

Cattle rustlers in this day and age?

It's true, at least in nearby Knox County.

Marion police were requested by Knox County sheriff's deputies Thursday to be on the lookout for some 20 head of rustled black angus and white face cattle taken from a Knox County barn sometime Wednesday night.

Police here received no details of the theft but surmised the rustlers used modern equipment such as a large semi-truck cattle van to cart off the cattle.

They notified the local stockyard to be on the lookout for any such cattle on the chance the rustlers planned to convert them into ready cash as quickly as possible.

Lease Renewed

BUCYRUS — Crawford County Commissioners announced here today they have renewed the one-year lease held by the Civil Air Patrol and its auxiliary for use of a building at the county faigrounds here. The lease was extended to April 4, 1958, at the usual fee of $1.

Loss Over $2,500 In Fire at LaRue

Fire late Thursday night swept through the Berry Repair and Upholstery Shop in S. High St. in LaRue causing extensive damage to the building with loss in excess of $2,500.

Carl Berry, owner of the shop, said this morning he could not set any exact estimate on the total loss because much of the furniture in the store belonged to customers and he did not know its value. His estimate of $2,500 was placed on damage to his own personal property and equipment as well as damage to the building.

A passer-by noticed the fire about 11 p.m. when heat, which apparently had been building up in the building for over an hour, blew out a window. Firemen worked for about an hour to bring the fire under control.

Neither firemen nor Mr. Berry could determine the origin of the fire. The loss was partially covered by insurance.

WILL ATTEND FUNERAL

Members of Marion Camp No. 32, United Spanish War Veterans, will attend in a body, the funeral services for Fred H. Morrison at 11 a.m. Monday in the M. H. Gunder Sons Funeral Home. The military committal services will be conducted by the veterans at the funeral home.

United Appeals Chairman

The appointment of Dr. James S. Greetham as general chairman for the 1957 Marion County United Appeals campaign brings a singularly well-qualified civic leader to this all-important position.

Dr. Greetham currently is president of the Marion City Board of Education and it is a clearcut indication of his great community spirit that he has consented to add the United Appeals assignment to his other responsibilities this year.

This will be Dr. Greetham's 10th Community Chest or United Appeals drive in Marion, and the last two years he has been chairman and co-chairman, respectively of the professional division.

His local community record also includes the presidency of the Marion Rotary Club in 1953-1954 and service this year as representative on the national board of the Boy Scouts of America.

Marion County's United Appeals response has been improved the last two years, but the goal finally was achieved in 1955 a number of weeks after the "Victory Dinner" originally was set, and last fall the campaign failed to go over the top by approximately $7,000

Dr. Greetham believes, and rightly so, that there can be no true United Appeals success unless the goal is exceeded, on schedule, by the final report meeting.

Anyone associated with the 1957 drive is certain to be reminded of that objective repeatedly, and with good cause.

From a psychological standpoint, not only for United Appeals but also for other local fund drives and community endeavors of all types, a full-fledged, soul-satisfying Appeals victory is badly needed.

A first big step toward that triumph has been taken with the appointment of James Greetham as general chairman.

On Advice of Counsel

Over-simplified digests of Teamster president Dave Beck's first appearance before the Senate Select Committee on Improper activities in the Labor or Management Field (the significant full title of the group investigating rackets, do not show one of the key issues.

It is whether or not a witness like Mr. Beck is being well served by legal counsel who have advised him to hide behind the Fifth Amendment.

The point was made repeatedly by Mr. Beck that he was acting on advice of counsel. Investigators made the point repeatedly that counsel's advice would have the effect of saving the Teamsters' president's personal hide at the expense of confidence in his union and unionism in general.

This has been a moot point in congressional hearings for a good many years—whether or not witnesses who are advised by counsel to refuse to testify because they might incriminate themselves actually do incriminate themselves by taking the advice.

It is the lawyer's job in such cases, of course, to protect his client. But it also is the lawyer's job to protect his own integrity as a servant of justice.

The Senate Select Committee is showing a lively interest in the propriety of legal counsel's use of the fifth Amendment in situations like that of Teamsters union officials who are advised to use the Fifth Amendment to save their own necks at the expense of destroying confidence in something more important.

AFL-CIO also has become interested in the problem. Its executive council says use of the Fifth Amendment in connection with investigations of union affairs is improper.

Perhaps the American Bar Association should become interested, too.

Fear of Bombs

Bomb psychosis, it may be, now has become a fixed factor in the American way of life. When schools can be closed and planes grounded by the mere report of a planted bomb, fear of an explosion is too well established to be shrugged off as temporary — a passing fad.

But as the possibility of this danger comes into sharper focus, it is going to be evident that the real danger is not from bombs which have been reported. It is from bombs which are not going to be reported — and these will be planted only by demented persons, saboteurs and an occasional murderer.

What, then, is the margin of security for people who might be bombed? It is no wider than it is for people who might be poisoned, stabbed, shot, garroted, smothered, or gassed to death.

It consists of the probability that these things are not going to happen, because they will not be attempted, or if attempted that the scheme will be discovered in time.

A bomb psychosis is no more than the realization of one more potential danger in a world so hazardous that absolute security can be guaranteed to no one. When the novelty of the realization has worn off, a report that a bomb has been planted on a plane or in a building will have no special impact.

The cry of "Wolf!" then will have been heard so often that when a bomb actually is planted the planter probably will tell all about it to divert attention from his misdeed.

All Eyes on Missile

By David Lawrence

Risk Carefully Calculated in Cold War Moves

In the parlance of the football stadium, the thing to do is to watch the man with the ball. It's the same in the world arena.

Lawrence

Side issues, such as whether Britain and America reached a complete or incomplete understanding on a course to be pursued in the ever changing Middle East, are not half as important as what was done directly by the two governments to deter Soviet Russia from starting a third world war.

Not all the news of what transpired at Bermuda has come out because much of it concerns military planning for defense but the three most important results of the Eisenhower - Macmillan meeting now may be stated as follows:

1. The United States and Great Britain have answered Premier Bulganin's recent threat to use guided missiles against Britain. Guided missiles will be made available by the United States for the first time to England's military forces to use in protecting themselves.

2. The United States, for the first time also, becomes an active and cooperating partner in the military planning to be done by members of the Baghdad Pact — namely, Britain, Turkey, Iran, Iraq and Pakistan, two of them bordering directly on the Soviet Union.

3. The United States and Britain see eye to eye at last on the wisdom of keeping Communist China out of the Security Council of the United Nations.

-:-

THERE ARE no secret understandings or agreements between America and Britain but there are attitudes reflected in the recent discussions which can be of far-reaching importance in world affairs.

Thus the British government does not intend to change its own policy, which recognizes the Peiping government but at the same time no effort will be made by Britain to back Red China's effort to replace Nationalist China on the U.S. Security Council.

British officials have made it clear that they now better understand America's position and judging by the way the Afro-Asian bloc has been behaving inside the U.N., the British do not see that the cause of the free world will be aided hereafter by letting Communist China become a permanent member of the Security Council.

This is a gratifying development to Americans. While the British still hope for an abatement of some of the severe restrictions on trading with Red China, they do see the wisdom of keeping the Peiping regime out of the Security Council.

After all, the U.N. itself in 1951 formally declared Red China an aggressor and nothing has been done since by the Peiping government to atone for its many international crimes.

-:-

THE SENDING of guided missiles to Britain by the America military establishment is of transcendent importance.

Premier Bulganin on Nov. 5, 1956, wrote to Prime Minister Anthony Eden denouncing the British-French military action in the Suez area, and added:

"In what position would Britain have found herself if she herself had been attacked by more powerful states possessing every kind of modern destructive weapons? And there are countries now which need not have sent a navy or air force to the coasts of Britain but could have used other means, such as rocket technique."

This was widely interpreted at the time as meaning that, if the British and French didn't withdraw their troops from the Suez area, the Soviets might feel justified in using rockets or guided missiles against London and Paris.

What the Soviets could threaten once, they might threaten to do again. But the British and French have had no guided missiles for defense. Hence the United States has agreed to provide them to Britain at once and it is hinted that France also will get some soon.

The world doesn't know the whole story yet about guided missiles and there are varying reports as to how far advanced the development of this weapon really is.

-:-

CERTAINLY short - range missiles for defense are already being produced in quantity. They can intercept other missiles and planes.

When long-range missiles for offense are perfected in a few years, they will play a devastating part in any future war.

So, while there is much in the press about the friction in local areas like the Middle East, the big developments are in the military position of the Soviet Union as against the Western powers.

The Moscow regime has just reacted sharply against allowing guided missiles to be used — by the North Atlantic Treaty Organization — from bases in Norway, which is a member of NATO

This is a very significant development in the "cold war" and indicates that Soviet Russia is well aware of the importance of the guided missile in that area, especially when Norway has about 120 miles of border alongside Russia itself.

The Soviets, too, are keeping their eye on the ball.

End of Miracle

By TRUMAN TWILL

The annual wide-eyed experience of welcoming the new lambs to the Twillery came to a proper climax last night with the accouchment of the 12th ewe

She had twins; what else? Of the 12 expectant mothers this year, only two bore single lambs. If there had been no mishaps, the increase would have been 22 lambs from only 12 mothers — just two short of 200 per cent.

Or as the head shepherd points out to visitors, if this rate of increase could be projected into a commercial-size flock of a couple thousand baaa-bies, a Wyoming sheep farmer would be able to look a Texas cattleman in the eye.

But out on the sheep ranges, no one would match the fussing and fretting that go into lambing where each little stranger's advent is observed closely and his old lady's condition is checked on like that of the first lady of Monaco while saving the casino.

The whole thing is talked over, sheep to shepherd, before, during and after the blessed event. Nothing is left to chance. Even so, two lambs were lost this year because their arrival coincided with the middle-of-the-night sack time of the custodian of the maternity ward One perished from the cold, the other was killed during birth. The third lamb was born dead; nothing could have been done about that.

In the fortnight that elapsed from the beginning of this spring's miracle to the end, the first-born lambs were half way to half-grown before the last - born had quit wobbling. Lamps develop rapidly.

The one bottle-fed member of the new flock — the one whose mother turned him down because he had a black spot on his back—has doubled in size. Theoretically his need for bottles has doubled, too but the possibilities of his appetite are too staggering to be acknowledged. He now is eating two pounds of milk a day and could eat twice that much. In two more weeks he could be eating four times that much, or eight pounds a day — a gallon every 24 hours.

It is no mystery why ewes with hungry twins run away sometimes when they see a pair of greedy customers bearing down. Two of these greedy Guses can lift up their mother and hold her back feet off the ground by the time they are a month old.

This winds it up for another year. All the lambs are born. They are ready to nibble wild flowers when the wild flowers are ready. The awaited miracle of the spring lambs is now a fact.

What is miraculous about it? Simply this: That all lambs everywhere are born within a few weeks of one another once a year, when there is new green grass to eat. Scientists are fooling with a hormone to make sheep reproduce more than once annually at times to be determined by men. But nature has a plan sounder than anything men are likely to prepare.

Daily Bible Thought

God has a plan for our nation, our city, our business or calling, for each of us. We should try to learn and follow that plan. "Where are you going? And he said . . . to measure Jerusalem, to see how broad and how long it should be." —Zech. 2:2.

Working on Plot, American Style

Political Education

By Raymond Moley

Buried in the hearings of the Senate committee investigating labor rackets, beneath some very sensational testimony and disclosures about official and union corruption, crime, vice, and misuse of union funds, is another item.

It will receive continued attention long after the last witness leaves the Senate caucus room.

It involves widespread use of union membership funds for political purposes. Specifically, it concerns teamster support of Sen. Wayne Morse's campaign last fall.

Sen. Barry Goldwater drew some interesting answers in questioning Frank W. Brewster, a vice president of the International Brotherhood of Teamsters and head of the union's Western Conference.

-:-

HERE IS a sample of the pungent flavor of Brewster's admissions

"Goldwater. Did you publish a pamphlet for one of the senatorial campaigns over the signature of the Western Conference of Teamsters?

"Brewster: We did.

"Goldwater: Do you not consider that political?

"Brewster: I thought it was education for our membership. I thought it was a wonderful speech

"Goldwater: You did not print any speeches of the opposition candidates?

"Brewster: Our membership wouldn't have liked it.

"Goldwater: Would not have liked it All the membership would not have liked it?

"Brewster: The largest percentage.

"Goldwater: You say it is educational. In here it states, 'You cannot separate your economic interests from your political interests.'

"Brewster: I think it is educational."

Senatorial courtesy compelled Goldwater to omit mention of his colleague, Sen. Morse

The speech under discussion was a political address Sen Morse made last summer before the teamsters' convention in Vancouver, in his fight against Douglas McKay.

-:-

IT WAS REPRINTED in an expensive illustrated booklet and distributed to a reported 50,000 Oregon teamster members.

On its back page it was marked as an "educational service" and it was printed in Seattle, hence the cost may not be listed as a campaign expenditure.

As to the tacit admission that a group which is not "the largest percentage" of membership may have no voice in the way its union funds are spent, what better expression can be made for a tyranny of a majority?

In practice, even the majority has no voice in how much union money, which comes from its dues and compulsory assessments, will be spent by its officials in political campaigns.

In the weeks before last November, the "Oregon Teamster," a weekly, carried on its front page a full - page photograph of Sen. Morse with a headline calling for his re-election. Yet this, too, was "educational."

-:-

AMONG THEMSELVES, and before their union meetings, the labor leaders in Oregon make no bones about their political activity

From its consolidation in 1955, the merged AFL-CIO State Labor Council promoted its political organization, COPE.

At a convention of some 700 delegates of affiliated unions in Portland, including those of the teamsters, the state AFL-CIO secretary warned the delegates that the new merger organization would "get tough" with central labor councils not doing their share of political activity.

He added that the state council was determined that labor become politically active in every Oregon county. But from that point, most of the activity was "educational."

As in the Jimmy Durante song where the clear notes of a tuba evoke the remark, "That's a trumpet!" labor chiefs, when asked about political work cry, "Why, that's education!"

Invitation to Burglars

By Bill Dye

The following piece was written by a man who is at present serving a term for burglary in Jackson prison and has drawn from his own experience and the collaboration of fellow convicts for his facts.

JACKSON, MICH.

When the convicted burglars of the State Prison of Southern Michigan, the world's largest prison at Jackson, Mich., were asked how they picked their victims, their answer was unanimous.

To a man, they said the victim "fingered" himself!

Insurance companies, police chiefs and detectives all over the country have pointed this out for years but the home owner keeps right on feeding information to the burglar that puts him right on the head of the list of prospective victims.

The convicted burglars are not a bit hesitant about revealing their working methods. As one aptly put it, "You can warn the public all you want to, they won't pay any attention til they've been hit."

—:—

A BURGLAR WHO was at one time the thorn in the side of Detroit burglary squads laid out several of his methods of operation. In each of them the householder had been the one who let the burglar know he was a good prospect.

You intend to go to a show. You know you are going to be gone for three or four hours. You check the gas, put out the cat and lock all the windows and doors. The house is safe.

That's what you think!

You have just invited a burglar to come calling while you are out enjoying yourself When you snapped off those lights, you might as well have written an invitation to a burglar to call on you and clean you out.

—:—

MANY BURGLARS "cruise" looking for a house with all the lights out between dark and 9 o'clock Who in this modern age of TV and good entertainment goes to bed that early? Hardly anyone; figure it out for yourself. The professional burglar has

He merely rings your doorbell and if you answer, he asks for someone you have never heard of. If you don't answer, you may be sure you will be plucked like a chicken for your valuables.

You also give a burglar the information he needs when you go on a trip without canceling out your subscriptions or your milk deliveries Burglars will go by your house, see the papers and milk and know you are gone.

If you have a dog, you'll either take him with you on a trip or let the neighbors care for him. This is one time that man's best friend becomes the burglar's best friend An empty doghouse is an invitation to an empty house.

—:—

BURGLARS SAY they read the society columns of the papers until they read one disclosing that their victim is going to attend a party. Then he has him. He just waits for the family to go and he creeps in

The burglars hint at several ways you can protect yourself:

Keep your home occupied at all times if it is possible. If this is not possible, keep someone checking your home to see you are protected

Leave a light on at all times.

If you are going on a trip, give a neighbor your keys and have him switch the light from room to room every day. A light on in one room only, night after night, is a giveaway.

Stop all papers and milk deliveries until you return.

Don't release any information to the press that you are leaving. Tell them when you return.

Other than these precautions, there isn't much you can do but pray or install a burglar alarm

The Once Over

By H. I. Phillips

Return of Lizzie Borden

Lizzie Borden took an axe
And gave her parents eighty whacks;
When Joe Welch saw what she had done
He gave Miss Borden eighty-one

Yes, Joseph Welch, famed counsel in the Army - McCarthy hearings, who is pretty wonderful as a TV performer, thinks Lizzie "done it"

Evidence not admitted during the trial in that famous New England axe-slaughter of a father and stepmother, is all-convincing, he told a coast-to-coast airwave audience on "Omnibus"

To us this was one of the program's most gripping shows. The re-staging of the trial with axes hatchets (and even the skulls of mom and pop) put Alfred Hitchcock back in the minor league.

-:-

THERE IS A RUMOR Attorney Welch accepted his role through an early belief that Lizzie was innocent and that he could pin it on Joe McCarthy and Roy Cohn. Be that as it may, he decided the gal did it.

The show put Fall River back on the map, and gave a wallop to 'Omnibus." But we think a demand for hatchets was promoted when the program followed the murder trial with an Agnes de Mille ballet!

A ballet of a gruesome murder is something new and this dance genius did all anybody could do with it but we think Lizzie Borden could now be tried for giving forty whacks to Agnes' judgment of proper subjects for ballet.

-:-

DESPITE ALL THE BEAUTY and skill there were moments when we thought some of the dancers were interpreting the Judd Gray-Ruth Snyder murder and there were a couple of high jumpers who seemed to be trying to clear up Custer's Last Fight and the "Who Hit Billy Patterson?" mystery.

Nevertheless the axe-murder program was a thriller and almost killed off Teddie Nadler on the quiz show which came on during the "Omnibus" period. (We switched into the quiz now and then to see if Nadler was bleeding.

He was safe from Lizzie Borden, the ballet and Joe Welch but the authorities who frame the $64,000 questions seemed guilty of murder in the first degree, up to a stirring moment when Nadler came through again with the right answers.)

-:-

THIS NADLER is the most incredible of all quiz show contestants. With only a grammar-school education and a clerk in an army warehouse at $85 per week, he is the Encyclopedia That Walks Like a Man, if not the entire original cast of Information Please in One Pair of Pants

There should be a world series between him and other quiz stars, including Charles Van Doren, Mrs. Nearing and 10-year-old Robert Strom. Our dough would go on Teddy.

He knows so much that among the spring trade rumors is one that Harvard has offered six professors, two football coaches and a library for him.

DAVE BECK once drove a laundry wagon in his early Seattle days. He still thinks everything will come out okay in the wash. (Boy, put some starch in them there ethics!)

Both President Eisenhower and Prime Minister MacMillan wound up that Bermuda Conference with a firm decision that headache powders will have another big year. . . .

A wonderfully sensitive performance by Deborah Kerr as the nun in "Heaven Knows, Mr. Allison" makes it a splendid and inoffensive picture.

News of Other Years

40 YEARS AGO — Arrangements were completed for the expenditure of $3,000,000 to place the Brooklyn Navy yard on a war footing. The ship slips, without which it was impossible to construct big vessels at the New York yard, were to be enlarged as one of the first moves toward greater efficiency.

A gigantic peace-at-any-price parade, scheduled to be staged in Washington by the emergency peace federation on the day that congress reassembled in extra session was indefinitely postponed. The action was made necessary due to the group being denied a parade permit by Major Pullman, chief of the capital police.

Because of the war crisis, the traditional egg rolling practice at Easter time on the White House grounds was abandoned. Washington Monument grounds were to be the scene of the observance

The right to vote was assured English women when Chancellor A. Bonar Law announced that a bill recommending suffrage would be introduced in parliament after Easter.

20 YEARS AGO — With only two days remaining for Marion County residents to file personal property tax returns, County Auditor Harry V. Mounts reported that returns had been received from only 2,300 of 3,500 holders.

An attempt to restore the old Quarry St. cemetery, the first public burial ground in the city, was made by a group of Marion citizens headed by C. E Curtis. The undertaking was being made in the interests of establishing a lasting memorial to the pioneer residents of the city.

Representatives of state and international police and firemen's associations discussed plans at a Columbus conference for appealing to a higher court the abolishment of the Marion firemen's pension fund. Common Pleas Judge Hector S. Young of Marion had previously ruled the City Council was within its rights when it abolished the fund.

Survey Shows Trend Since '48

Loss of Big City Vote Worrying Democrats

WASHINGTON (AP) — Democratic leaders are talking in frankly worried tones about their party's future in Ohio and other populous industrial states.

Cause of their concern is the declining vote for their party's presidential tickets in the former bastions of Democratic strength—big cities.

Democratic Chairman Paul M. Butler pointed out the other day that cities such as Cleveland, Toledo and Youngstown no longer deliver those banging Democratic majorities.

On the contrary, a report prepared by Butler and his aides shows that the big city vote in Ohio and elsewhere has shifted to the Republican national ticket.

A popular conception seems to be that this can be attributed to the popularity of President Eisenhower.

Showed Up in 1948

But the Democratic survey shows this is not necessarily the case, that the waning strength of the Democrats in the heavy population centers first showed up when President Truman won in 1948.

The survey starts with 1944, when President Franklin D. Roosevelt was re-elected to a fourth term. In that year, Democratic majorities in Ohio ranged from a high of 66.5 per cent in Mahoning County (Youngstown) to a low of 47.3 per cent in Franklin County (Columbus).

In every presidential year since, the study shows, the Democrats have collected smaller and smaller percentages. Last year, the Republicans won White House majorities in every major Ohio industrial center.

Trend Call 'Ominous'

This trend—in Ohio and elsewhere—is viewed as an "omirous factor" by Butler.

By way of illustration, the survey shows these comparative Democrtic percentages of the presidential vote in 1944 compared with 1956 in Ohio's popu'ous counties (1944 figure first):

Cuyahoga (Cleveland), 60.2-46.3; Franklin (Columbus), 47.3 - 34.3; Hamilton (Cincinnati), 48.2-33.9; Lucas (Toledo), 49.6-46.9; Mahoning (Youngstown), 66.5-48.0; Montgomery (Dayton), 56.5-41.7; Stark (Canton), 52.7-37.1; Summit (Akron), 58.4-47.6.

What do Ohio Democrats plan to do about this, with a senatorial election coming up next year?

One answer was given the other day in Washington by Robert W. Reider, publisher of the Port Chnton, (Ohio) Daily News.

Talking with reporters, Reider acknowledged that "Ohio Democrats took a terrific beating in the general election."

But he said this was "inevitable" because the party had been on a "12-year binge of caretully conceived, deliberate self-destruction."

He said that with Michael V. DiSalle of Toledo a top man in the Ohio Democratic organization, "we can—with the proper kind of candidates—win in 1958."

Now It's Mothballs

PORTALES, N.M., (AP) — Vic Stout, rural school supervisor, says Mrs. George Bonal, operator of a motel at Ruidoso, read about the trouble a school at Dora was having with skunks under the floor.

Mrs. Bonal suggested scattering several pounds of moth balls under the floor and through the building.

The skunks, overpowered, left. Mrs. Bonal's suggestion didn't include how to get rid of the moth ball odor.

House GOP Team Loses Ace Pitcher

WASHINGTON (AP)—For a baseball manager who has lost his ace pitcher, Rep. Thor Tollefson of Washington state expressed unusual confidence.

"We'll make it three in a row in June," he said.

Tollefson is field boss of the Republican team which will play the Democrats at Griffith Stadium here June 4 in the annual congressional baseball game

Largely because of the pitching of Glenn Davis of Wisconsin, the GOP team won the last two contests. But Davis gave up his House seat last year to make an unsuccessful bid for election to the Senate.

Tollefson thinks his pitching deficiency may be taken care of by a trio of "rookies"—first year Congressmen Ed May of Connecticut, Dave Dennison of Ohio and Bill Boomfield of Michigan.

Other than Davis, the Republicans have available the same team that started last year's game, including Ayres, Ohio, one of the outfielders.

Stresses Service

PHILADELPHIA (AP)—"No man or woman should enter the profession of medicine solely to make a living," the president-elect of the American Medical Assn. said Thursday night.

Dr. David B. Allman, Atlantic City, N.J., told students at the Jefferson Medical College:

"It is service, not profit, that makes a good doctor . . . All other approaches, like materialism or self-aggrandizement, lead away from the ideal of good medicine."

PTA Activities

A social hour followed the program when the North Main Street PTA met Tuesday night in the school auditorium. Mrs. Walter Osmun conducted the devotions.

The program was presented by the pupils under the direction of Miss Margaret Craig, a member of the staff, and Robert Peach, physical education instructor in the elementary schools.

The fifth and sixth grades taught by Mrs. Mona Williams, received the attendance prize. The social hour was in charge of Mrs. Clyde Hopkins, chairman, and members of the social committee.

Lodge Activities

Durward Temple 427 of Prospect met Tuesday night at the K. of P. hall with Mrs. Margaret Clark in charge. An invitation was read to the April 2 meeting of the Green Camp Temple. Refreshments were served by Mrs. Pricilla Shriver and Mrs. Helen Stuckey.

—:—

Mrs. Edna Griffith read an article commemorating the 134th birthday anniversary of Schuyler Colfax, founder of the Rebekah Degree, at a meeting of Sosnowski Rebekah Lodge Tuesday night in the Odd Fellows Hall. She also read a poem, "Getting Ready for Easter."

Mrs. Agnes Starner, noble grand, presided. Mrs. Geneva Miller and members of her committee were in charge of refreshments and the social hour. Mrs. Myrtle Stump received the mystery box.

Arrangements were made to attend Friendship Night to be held by Olympia Lodge at Marseilles on April 10 A meeting of the Past Noble Grands Club will be held Wednesday with Mrs. Myrtle Snyder of 620 Oak St. A potluck dinner will be served at noon.

Fujiyama, the noted volcano near Tokyo, is 12,395 feet high.

Church Activities

The Officers Training Institute of the Woman's Society World Service will be open April 4 at 9:45 a.m. at the Marion Oakland EUB Church on Bellefontline Ave. The institute will include all the Evangelical United Brethren Churches of the Marion District and will be in session all day. Mrs. Maurice Anthony, district leader of the Rural Marion Salem EUB Church at Beech, will be in charge of the plans. Various work shops are being planned. Mrs. Herman Berger of Lindsey and Mrs. Donald Copley of Brador, branch officers, will assist in the various work shops.

Weddings

Word of the marriage of their son, Robert Eugene Hindman, to Madame Christine of Bordeaux, France, has been received by Mr. and Mrs. John Hindman of 206½ N. Main St. The wedding took place March 9 and the double ring ceremony was read in a church in Bordeaux.

A reception, including a supper and dance, for about 50 persons followed the wedding.

Mr. Hindman was discharged from the Army on Feb. 20 after serving two years and was stationed in France at the time he received his discharge. He had been overseas about 10 months. Prior to entering the service, he worked with his grandfather, Joe Seckle, near Caledonia in farming.

Mr. and Mrs. Hindman are presently touring Europe but plan to come to the United States in August to make their home.

Three Men Promoted at Marion Engineer Depot

Parks, Gove, Frost Are Appointed to Posts at Local Installation

Promotion of three employes of the Marion Engineer Depot were announced today.

They are William E. Parks of 819 Daffodil Dr.; Herman J. Gove of 233 E. Walnut St. and Homer C. Frost of 527 E. Church St.

Mr. Parks was named chief of the management branch of the comptroller office. Mr. Gove was promoted chief of the salary and wage administration branch in the civilian personnel office. Mr. Frost was named program manager in the program coordinator office.

—:—

RETIREMENT of Aloysius H. Arnold of 144 Waterloo St. under new provisions of the Civil Service Act also was announced. This provides a mandatory retirement for those reaching 70 years of age with 15 years of service.

Mr. Arnold has been employed as a blacksmith in the depot maintenance division of the depot. He is one of the few men proficient in the almost forgotten trade of blacksmithing. He began working at the depot April 8, 1943. Prior to this time, he served as blacksmith with the U. S. Department of Agriculture, Soil Conservation Service in Zanesville, Ohio.

Maj. Gen. Emerson C. Itschner, chief of the Corps of Engineers, Washington, D. C., sent a letter of commendation to Mr. Arnold in recognition of his years of outstanding service to the corps.

WILLIAM E. PARKS
Chief, Management Branch

HERMAN J. GOVE
Chief, Salary, Wage Branch

HOMER C. FROST
Program Manager

—:—

MR. PARKS, new chief of the management branch in the comptroller's office, came to the Depot in September, 1942, as storekeeper in the storage division. Since that time, he has served in various capacities. Except for serving in the U. S. Army from February, 1943, to November, 1945, when he saw action in Europe, and from August, 1950 to June, 1952, in Korea, he has been employed at the depot.

Prior to coming to the depot he served at the Marietta Holding and Reconsignment Point, Pennsylvania and Voorheesville Holding and Reconsignment Point in New York. He is active in various organizations in Marion. Married, he has two daughters.

Mr. Gove came to the depot in June, 1951, as personnel assistant in the employe utilization branch of the civilian personnel office. He started working for the government in September, 1939, in the social security board. In July 1941, he transferred to the Corps of Engineers, serving in Washington, D. C., and the Canal Zone. He served in the U. S. Army from July, 1945, to June, 1946. He is married and has two daughters.

—:—

MR. FROST began his government service in June, 1942, at the Scioto Ordnance Plant. In January, 1948, he began working as clerk in the adminstrative division at the depot. From February, 1942, to March, 1946, he served in the U. S. Army in Europe and from August, 1950, to August, 1952, he was serving in the army in Korea. Mr. Frost is active in local organizations in Marion. He is presently serving as chairman of the Public Relations Committee for the Marion-Morrow District, Boy Scouts of America. He is married and has a daughter.

Galion Music Units Enter Competition

GALION — Some 154 Galion High School musicians will participate in the District 2 Competition at Bascom Saturday. The group includes the 90-piece Galion High School band under the direction of Marvin Fogt and two vocal organizations directed by Herbert Krichbaum, the Boys' Glee Club of 15 members, and the Senior High School choir of 64 mixed voices. The district contest is supervised by Robert Sidnell, director of music in the Bascom schools.

Each vocal group will sing two numbers. Miss Jo Weber will play the piano accompaniment for some of the selections.

Five buses will carry the students to Bascom. The vocal groups leave in the morning in two buses, and the band will leave about noon in three buses. The glee club sings at 11:40 a.m., and the choir at 1:35 p.m., while the band plays at 3:15 p.m.

Curfew Ordered

WASHINGTON COURT HOUSE, Ohio (AP)—A 10:30 p.m. curfew went into effect Thursday for all residents of Fayette County under 17 years of age. Sheriff Orland Hays ordered the curfew after four boys were arrested Wednesday night and charged with breaking and entering and stealing four guns.

Evidence Shows Guards Struck Prisoners, Probe Officer Says

JACKSONVILLE, Fla. (AP) — Evidence indicates that guards struck prisoners in the brig at the Jacksonville Naval Air Station, Capt. W. S. Harris, station commander, said Thursday in a report on an investigation of alleged mistreatment of prisoners.

The Navy said it is a "closed" inquiry and no names can be given before it is completed.

Harris said several days ago the investigation to date of the NAS Jacksonville brig has revealed evidence indicating irregularities consisting of the striking or an imposition of excessive exercise on several prisoners by certain guards.

"The maximum alleged injury was the testimony of one former prisoner that his eardrums were perforated by blows on the head. Examination by medical authorities indicate that such perforations do exist. However, as of this time, as far as is known no indication of permanent impairment of hearing exists and the man continues under treatment."

A Chicago businessman, Peter De Young, vice president of the Big Hollow Sand and Gravel Corp., has said his son Richard, 18, spent 22 days in the Jacksonville NAS brig and was struck by a Marine sergeant there.

The boy's eardrums were broken, his father said.

"I heard Richard testify that the sergeant slammed him hard over one ear and then the other with his hand," said De Young. "The sergeant then hit him in the stomach with his fist, then jabbed his fingers in the boy's eyes."

SIX UTENSILS IN ONE

Completely replaces the ordinary saucepan, double boiler, dutch oven, corn popper, chafing dish, and bun warmer.

Perfect for preparing roasts, mixed vegetables, soups, stews, cereals, frankfurters, pop corn—countless other everyday foods.

• Everything you cook tastes so much better with Sunbeam Controlled Heat • Only the Sunbeam is available in medium, large, and super sizes to meet your family needs • Square shape cooks 20% more than an ordinary round pan.

Never before has a new electric appliance captured the wholehearted enthusiasm of America like the famous Sunbeam Controlled Heat Automatic Frypan. The reason is that everything is so much more delicious when cooked with Sunbeam Controlled Heat—bacon, eggs, pancakes, chicken, etc. Water sealed element lets you immerse the entire pan in water up to the control panel for quick, easy washing. High dome covers of either aluminum or heat-resistant glass are available for fried chicken and other foods requiring a cover.

Because of the Sunbeam's square shape, a full ½ lb. of bacon will lie flat in the pan.

Look at the difference you get in countless everyday foods—
• Reduces roast shrinkage up to 23% • Holds nutrition in foods • Makes foods taste and look more delicious

The Sunbeam Electric SAUCEPAN features the most accurate thermostatic control ever developed for a utensil of this kind. Reaches Simmer-Safe temperatures quickly and holds them with amazing uniformity. Double walls retain heat with up to three times greater efficiency than an ordinary saucepan. Water sealed for easy washing—Available in 3 qt. and 5 qt. sizes.

U.S. Studying Egyptian Plan On Suez Canal

Britain, France, Other Countries Open Talks On Nasser's Proposals

WASHINGTON (AP) —The United States has started consultations with Britain, France and several other friendly governments on Egyptian proposals for operating the Suez Canal.

An American reply is expected to be sent to Egypt in a few days.

Top officials who have been studying the Egyptian plan say privately they do not like it, but that they see no prospect now of winning Egyptian agreement to any counter-proposal.

However, it is yet to be decided whether the plan will be accepted or rejected, or whether some modifications will be sought to make it more palatable to Western shipping nations.

Meanwhile, the State Department has advised American shippers to go slow in resuming use of the strategic waterway which is expected to be reopened fully by April 10. In London, a Foreign Office spokesman said last night the British government gave similar advice to British shippers two days ago.

The Egyptian proposal, which has not yet been made public officially, is understood to call for collection of tolls by the Egyptian Canal Authority.

Egypt would set aside 25 per cent of the tolls for maintenance and operation and 5 per cent to compensate stockholders of the old Suez Canal Co.

NINE AMERICAN FLAGS were presented to Claridon School for use in the elementary and high school home rooms Thursday. Making the presentation was the GI Post 584, American Legion. Presentation of the flags to various schools is one of the projects of the post. Taking part in the presentation Thursday afternoon were (left to right) William R. Hilling, immediate past commander of the post; A. B. Augenstein, superintendent of the school, and Wilbur Osborn, a member of the post.

Morrow School To Hold Class Play on Tuesday

CHESTERVILLE—A play "Red Headed Royalty From Arkansas" will be presented on Tuesday, April 2 by the Junior class of Chester-Franklin School.

This three-act comedy of college life and youth is being directed by Mrs. Charles Gregg and Mrs. Gordon Gregg.

Increase Reported In Tax Collections

Sales tax collections in Marion County for the week ending March 16 increased by $2,524 over the corresponding period a year ago, according to a report from Roger W. Tracy, state treasurer. A total of $26,447 was collected this year from the sale of prepaid tax receipts, compared to $23,923 last year.

The upward trend was also noted in four of Marion's surrounding counties, including Hardin, Union, Wyandot and Crawford. Decreases in total collections for the week were reported in Delaware and Morrow counties.

On a statewide basis, collections for the March 16 week were up, compared to a year ago. Some $3,375,071 was realized this year, compared to $3,225,260 last year.

Partner in Mt. Gilead Auto Firm Sells Interest

MOUNT GILEAD—Don Gordon announced this week that he has sold his share in the Gordon and Jagger Motor Sales to his partner, John Jagger. The sale is effective immediately.

The partnership was formed in October, 1945, as Ford agency. Later the Mercury agency was added. Mr. Jagger said he anticipated changing the name to "John Jagger Ford-Mercury" or to "John Jagger Motor Sales."

Mr. Gordon announced his plans for the future are indefinite.

Doctor's Attorneys Cross-Examine

Medical Expert Quizzed In London Murder Trial

LONDON (AP) — The prosecution's star medical expert testified today that the rich old lady Dr John Bodkin Adams is accused of drugging to death apparently developed immunity to morphine and heroin just before she died.

The expert, Dr Arthur Henry Douthwaite, conceded under cross - examination by the chief defense counsel, Geoffrey Lawrence, that paraldehyde — to which 81-year-old Mrs. Edith Alice Morrell was switched in her final hours — is one of the safest sedative drugs.

But Douthwaite, who had accused Adams earlier of "murderous intent" in administering morphine and heroin to Mrs Morrell during her last five days, insisted he still saw evidence of intent to end her life.

"You say you formed the view about the intent of murder," Lawrence said in winding up the grilling cross - examination. "You would conceive it quite possible that another doctor might not have come the same conclusion (as you)?"

"We all have different opinions," Douthwaite answered quietly.

Regarding the use of morphone and heroin in treating Mrs. Morrell, Douthwaite agreed with Lawrence that near the end of the widow's life "those two drugs were no longer producing the effect of sedation and sleep."

Going over the last hours of Mrs. Morrell, who died Nov. 13, 1950, Lawrence asked Douthwaite sarcastically.

"Let us see what this murderous doctor, who has varied the drugs, who has procured sleep up to the last night, does when the picture changes."

Then he read a nurse's record of the injection of the paraldehyde and asked

"And of all the hypnotic drugs which can be used, paraldehyde in general is one of the safest, isn't it?"

"It is," replied Douthwaite, an internationally known expert on narcotics.

Lawrence emphasized that Adams is a general practitioner, not a specialist

Attorney - General Sir Reginald Manningham-Butler then asked his ace medical expert

"If the whole of the drugs prescribed by Dr. Adams from Nov. 8 to the evening of Nov. 12 (when she died) had been administered, what would be the consequence?"

"It would produce death," replied Dr. Douthwaite

"If the major part prescribed on those days had been administered, of herom and morphia, what would have been the consequence? the prosecutor continued

"The same," was the answer

Iran Pledges Help in Search For American

Authorities Say U.S. Woman May Be Held For Value as a Slave

TEHRAN, Iran (AP)—Iranian authorities say they believe a 35-year-old American woman kidnaped by a bandit gang may be hidden away in a desolate mountain cave.

An intensive search was pressed again today in the Tangeorkheh Desert area of southeast Iran for the outlaw band that seized Mrs. Anita Carroll of Issaquah, Wash., after slaying her husband, another American and two Iranians Sunday night.

Interior Minister Assadollah Alam declared "there is more than a 60 per cent chance" that she will be found alive.

Would Bring High Price

Officials based their belief that Mrs. Carroll has not been killed on the theory that she would bring a high price on the slave market.

Army men wise in the ways of the semi civilized Tangeorkheh Desert tribesmen said it is likely Mrs. Carroll is being hidden by the gang until it can smuggle her to the coast and send her to Arabia or Pakistan.

Police and camel-borne troops — 1,200 strong — were pursuing the kidnap band, believed led by a notorious badman named Dadshah. The only trace of Mrs. Carroll was a paper trail found in the desert and believed dropped by Mrs. Carroll as she was carried away.

Bodies Recovered

The bodies of Mrs. Carroll's husband Kevin, 37, a Point Four area development adviser for Kerman province; Brewster A. Wilson, 35, Portland, Ore., a regional specialist for the Near East Foundation, and the two Iranians were brought to Tehran by U.S. Air Force plane. They were received at Mehrabad Airport with military honors.

A U.S. Embassy spokesman said examination showed they had been killed by gunfire, rather than knifed to death as reported earlier.

In Washington, the State Department said the Iranian government has given firm assurances that "every effort is being made" to apprehend the bandits.

The Shah has ordered the death penalty for the kidnapers to be executed promptly. If they are caught, they will be tried on the spot and shot immediately if convicted.

Home Superintendent Examinations Planned

Examinations for the positions of superintendent and matron of the Marion County Children's Home will be conducted at 9 a.m. April 23 at the home, according to the Ohio State Civil Service Commission.

Application blanks may be secured by writing to the commission in Columbus, or from the county auditor. All applications must be filed with the commission not later than 5 p.m. April 13, according to the report.

The present superintendent and matron at the home, Mr. and Mrs. Gene White, announced their resignations earlier this year. The resignations are to take effect when successors are named. Mr. White will then take a position with Juvenile Court.

Will Attend Convention

Five local women will attend the American Gold Star Mothers' convention in Dayton at the Biltmore Hotel Monday through Wednesday.

They are Mrs. Reba Musgrave, state chaplain of the organization; Mrs. Helen McGinnis, Marion chapter president; Mrs. Mabel Baughn, flag escort; Mrs. Louise Fogle, treasurer, and Mrs. Sophia Leffler, chaplain.

HOME FROM QUIZ. "How's Mom?" asks teamster head, Dave Beck (right) as he puts his arm on son Dave Jr.'s shoulder at airport in Seattle, Wash. Beck arrived from Washington, D. C., where he appeared before Senate rackets investigating committee. The teamster leader said he plans to clear his reputation. (UP Telephoto)

vote of the union authorizes payment of the fees or charges.)

It was this problem which accounted in part for the uproar in the Yakima local's meeting. Members reported they had voted "almost unanimously" that no money from the local's general fund is to be used for Beck's defense if he should be brought to trial.

They also challenged Fred Wehde, a trustee appointed by Beck in 1954 to take over the union's affairs, and other officials of the union, angrily accusing Wehde and the others of letting down the rank-and-file members.

Wehde said the resolution about defense funds for Beck was unnecessary.

This meeting wound up with the hanging and burning of an effigy bearing a placard saying:

"Majority members of Local 524 strongly in favor Senate investigating committee."

School

the money received by small schools will become effective after Dec. 31, 1959. It will place the schools under a formula in which schools with small enrollments will be left with little financial aid.

At the present time LaRue has 116 high school students, New Bloomington has 60, Green Camp 80 and Prospect 123. Mr. Mills said the state's goal is 240 in the high schools.

He pointed out that LaRue expects to lose between 60 and 65 high school students to the new Marion Catholic High School which is now being built.

—:—

RALPH WILLIAMS, president of the board, said that he felt that three schools in the county were enough to provide for a fair distribution of the wealth and of the students.

All board members agreed they would cooperate with the local groups if a majority of the voters in the districts wished to merge and expressed their wish on a petition.

The possibility of completing a merger soon enough to enable the proposed new board to place a bond issue for a new building on the November ballot was discussed. Mr. Mills pointed out such an action would have to be filed by July 17, which is 110 days before the election, and that the board would have to be in existence 30 days before that day to allow possible remonstrance action. He said that would mean the county board would have to act at its May meeting or at a special meeting early in June.

Following the discussion on the merger, Harry Alexander, assistant county superintendent, reported on his activities last month which included the giving of preference tests to all but one of the schools and the truancy situation he has encountered in the county schools. He noted that the truancy problem was grave last month and cited some examples of what he had seen.

All board members were present for the meeting.

Traffic Cases

Hazel P. Crissinger, 44, of near Marion, $50 and costs, (fine suspended), three-year suspension of driver's license, leaving the scene of an accident.

Wilfred Whitfield, 45, of Toledo, $15 and costs, speeding.

George E. Sparks, 36, of 362 Owens St., $10 and costs (fine suspended), failure to signal a turn.

Albert Hughes, 37, of near Radnor, $10 and costs (suspended) insufficient brakes.

J. R. Parker, 29, of Huntington, Wa. Va., $5 and costs, failure to obey a stop sign.

Marion Area Auto Mishaps

One person was injured slightly in one of three acidents investigated Wednesday night and Thursday by Marion police. State patrolmen reported one accident in the country.

Hurt in a collision in the 200 block on N. State St. at 9:25 a.m. Thursday was DeWalt Gewell Shepherd, 22, of near Alger. He suffered a head injury but required no medical attention, police reported. He was a passenger in car driven by Columbus Moore, 24, of near Ada, which collided with a car driven by C. K. Shelton, 21, of 744 E. Center St.

Police said Moore was making a left turn into an alley off N. State St. and Shelton was traveling south on State St.

A collision in the 800 block of E. Center St. at 4:05 p.m. Wednesday involved a car driven by Sheridan Pierce, 31, of 222 Franconia Ave. and one driven by Melvin H. Peele of Mansfield, police reported.

The only other accident caused less than $100 total damage, police estimated.

Driver Escapes Injury

A 14-year-old youth driving a pickup truck was involved in the single Marion County accident investigated by local patrolmen Thursday.

The mishap occurred at the intersection of Route 203 and County Road 104, one mile east of Green Camp at 6 40 p.m. when the truck failed to make a right turn onto County Road 104 and knocked down 20 feet of farm fence at the left side of the road

The boy reportedly was uninjured and only minor damage was done to the truck. The damaged fence was owned by A. W. Lowe of near Prospect.

Patrolmen said the driver was cited to appear in Marion County Juvenile Court at a later date.

They were suspended until they demonstrate a clean-up of conditions in their ranks.

In addition, Meany has suspended Paul Dorfman, head of a Chicago Waste Handlers local union, pending a union trial on corruption charges.

The council has no authority to remove Beck as teamsters' president but could direct his union do so.

There were 22 council members on hand when the session began

Beck, himself a member of the powerful, 29-man Executive Council, stayed at his home in Seattle.

He flew there Thursday after spending two days here invoking the Fifth Amendment to avoid answering questions by Senate rackets investigators who said he converted to his personal use $320,000 of union funds.

George Meany, AFL-CIO president, called the special council meeting Tuesday within minutes of learning that Beck had claimed the Fifth Amendment's constitutional privilege against self-incrimination.

tions put to him were a "fishing expedition."

Star witness at the hearing was Portland gambler Big Jim Elkins. His grand jury testimony, corroborated by others, is the basis for the charges against Schrunk, Patrolman Richard A. Sutter and gambler Clifford O. Bennett.

Elkins said at the hearing that Bennett told him that he placed a $500 bribe in an envelope near his club in September 1955, when Schrunk, who then was sheriff, was conducting a raid. He said that Schrunk had picked up the envelope.

Sutter and two other police officers said they had witnessed this. But later Sutter changed his story and said he could not be sure it was Schrunk who had picked up the package. Sutter posted $1,000 bail on his perjury indictment and was released.

Engineer Maintenance Group Will End Meeting Here Today

A week-long conference for representatives of the engineer regional maintenance office will end at the Marion Engineer Depot today. The conference, which began Monday, has as its purpose the studying of the latest developments in the engineering maintenance field in relation to the Department of Defense, depot officials reported.

William E. Clark is chief of the group and outlined the plans and purposes of the meeting as well as recapping the results of the last meetings.

Officials Attending

Attending the conference are Jesse F. Brazier, Columbus; T. C. Colvert, Valley Station, Ky.; William E. Cunningham, Fredericksburg, Va.; William L. Davis Levittown, Pa.; Earl G. Haas, Williamstown, N.J.; James W. Hartley, Hampton, V.; Edward H. Haverly, Petersburg, Va.; Harold J. Horner, Falls Church, Va.; Lee E. Imler, Meyersdale, Pa.; Marshall D. Jones, Alexandria, Va.; R. G. Lank, Edgewood, Md.; L. W. Lawson, Valley Station, Ky.; V. R. Lewis, Newport News, Va.; Arlie T. Lindow, Cleveland; Clement L. Linnebur, Odentown, Md.; Robert R. Milko, Falls Church, Va.; Tom D. Patterson, Falls Church, Va.; John W. Raines, Alexandria, Va.; Paul S. Shea, New Eagle, Pa.; Paul S. Shea, Swaim, Marion; Vernon Lee Tart Jr., Warwick, Va.; Warren G. Wells, Bristow, Va.; W. W. White, Ironton, O.; Mathew R. Ferguson Marion, and John L. Holland, Marion.

The purpose of the group is to inspect and make certain all engineer equipment in use in the seven state area of Ohio, Kentucky, Virginia, West Virginia, Maryland, Delaware and Pennsylvania and military District of Washington are in operable condition. Constant inspections are conducted in posts, camps, stations and all other installations. Upon finding equipment not operable, reports are made and the equipment is repaired or replaced with operable equipment.

Arrives by Helicopter

Attending the meeting as guests were Col. W. W. Lapsley, commanding officer of the Engineer Maintenance Center, Columbus; Albert E. Hammons, chief of the maintenance service division and Franklin C. Reece of the Columbus office. They visited the meeting Thursday.

Col. Lapsley addressed the group during the morning session. Col. T. F. Hoffman attended as personal representative of the commanding general, Second Anti-Aircraft Regional Command. Maj. John B. Atkinson, representing headquarters, Second Army, arrived for the Thursday afternoon session. Both Col. Hoffman and Major Atkinson addressed the afternoon sessions to convey their appreciation for the work being done by the office.

Col. Hoffman arrived at the depot by helicopter Thursday morning. He was met by Col. J. Arthur Hamilton, commanding officer of the depot and Mr. Brazier. The helicopter landed in a vacant field near the headquarters building. It was a two-passenger affair and created considerable interest among passers-by. It is the first time a helicopter had landed at the depot.

Hospital

(Continued From Page 1)

floors have been converted to use for medical and surgical patients, each accommodating four beds. Private rooms are now accommodating two patients, and when these facilities are fully utilized adult patients must be admitted to the childrens division when there are beds available in that department, Miss Tinklepaugh said.

Leads to Confusion

"Overcrowding of facilities lends to confusion, inefficiency and dissatisfaction of the patients and the general public," she declared. "For example, the census on our medical and surgical floors is running an average total of 105 to 120 patients a day.

"In addition to the nursing staff, dietary, janitor, maid staff and other personnel necessary to maintain the care of these patients, there is an additional visitor load of from 200 to 225 persons during each visiting period. Small wonder that it is necessary for the welfare of our patients to restrict the number of visitors permitted on our patient divisions. While most all persons confined to the hospital need a certain amount of morale building from friends, it also holds true that too long periods are detrimental."

Needs Expansion Now

Citing statistics which show occupancy of the medical and surgical divisions running at almost 100 per cent of capacity, Miss Tinklepaugh said:

"With the growth of our community and the health consciousness of its people the percentage of occupancy of the hospital will tend to increase rather than decrease.

"We know from past experience that the general public wants the best hospital services available. In order to render these services adequate hospital beds are a necessity.

"From statistical figures we know that Marion cannot afford to wait another two or three years before approving the addition of fifty more hospital beds.

"At best, with a program to raise funds in the near future for a fifth floor addition, it will mean that the needed extra beds will not be available before 1959.

"We want Marion to grow and to progress, and above all we who are operating your hospital want to be in a position to offer you facilities if and when you need them," she declared.

Two Divisions Filled

The hospital administrator reported that the percentage of occupancy in 1955 was 75 per cent, and in 1956 approximately 81. The fluctuation of occupancy in maternity and pediatrics created this figure, and due to state regulations no patients other than maternity may be admitted to the maternity floor, she said.

The medical and surgical divisions were running at almost 100 per cent of occupancy daily, allowing no margin for emergency admissions. At various times during 1956 it was necessary to keep emergency patients in the accident room over night because of lack of bed facilities.

"In 1955 we admitted a total of 7,644 patients to Marion General Hospital, served 267,036 meals, processed 1,000,540 pounds of laundry, took 20,662 X-rays, processed 29,000 pharmacy prescriptions and performed 35,089 laboratory tests," she reported.

"In 1956, we admitted 8,272 patients to the hospital, served 325,089 meals; 1,354,125 pounds of laundry were processed and 23,007 X-rays taken. Pharmacy processed 26,743 prescriptions and 44,400 laboratory procedures were performed

"Your hospital spent $1,032,486 26 in the year 1956. Between 65 per cent and 70 per cent of every dollar was spent for salaries due to the fact that we are a service organization. The remaining portion of the dollar was spent for supply, equipment, food, utilities, repair and maintenance of the various departments of the hospital.

"In spite of the continued rise in prices of commodities, the hospital, by economical and efficient operation was able to operate over a small margin in the black in 1956," she said.

The average census per day, exclusive of the newborn, in 1956 was 126.3 patients and the average cost of operation per diem was $22.32 per patient, she reported.

Because of the crowded conditions in the medical and surgical floors, no visitors should stay more than 15 minutes, Miss Tinklepaugh said.

"Exceptions to this, of course, are the patient's immediate family. Even in the case of family visitation it sometimes becomes necessary for the physician to restrict the visiting hours so that the patient may receive the prescribed treatment and rest," Miss Tinklepaugh said.

"We must become educated to the fact that we go to a hospital to be restored to health in the shortest possible time. It is up to us who are not patients at the particular moment to contribute in every way possible to the recovery of those who must be confined to the hospital," she declared.

FACES TWO CHARGES—

Floyd M. Collier, 40, of 696 Hocking St. was arrested early today by city police on charges of disorderly conduct and intoxication. He was to appear in Municipal Court later for a hearing.

Waddell Honored By Insurance Co.

The Marion District of the Metropolitan Life Insurance Co. honored John Waddell, assistant manager, with a dinner Thursday night, marking his 20th anniversary.

John Waddell

The dinner, held in Hotel Harding, was attended by 27 associates and 33 other guests.

Mr. Waddell was inducted into the Veterans Association by retired manager William H. Goodwin.

The dinner also honored George Miller, agent in Fostoria, who will retire this year, and Clarence O. Miller of Tiffin, retiring May 1 after 37 years of service.

Manager Vernon A. Horst and Agent Ernest O. Smith of Marion, John Wagner, and Roscoe Bargar of Delaware all will complete 25 years of service this year.

Mr. Horst took the occasion to congratulate the district agent on qualifying for the company's Presidents Club and their standing of number three out of 65 districts in the Central Territory.

national board of Boy Scouts of America. He is past president of the Marion Rotary Club.

In addition to holding membership in several professional organizations, he presently is chief of the eye section at Marion General Hospital.

—:—

DR. AND MRS. Greetham and their two children reside at 336 Brightwood Dr. The family has made its home in Marion since 1947.

In accepting the appointment Dr. Greetham said:

"It is indeed an honor to be associated with this year's United Appeals campaign as genera chairman. My past association with the various participating agencies has convinced me of the great need and worthiness of this project.

"I am well aware of the untiring efforts given by all workers in the past, as well as the generous support by all citizens of our county. It is with this encouragement that I am looking forward to a 100 per cent victory the day and hour the campaign is scheduled to close.

"I would like nothing more this year than to establish a precedent for that type of victory. A phrase that could well express my desire for this United Appeals drive would be Victory 100 per cent on Victory Night. Let us accept nothing less."

—:—

MR. HOWARD declared that the group was looking forward to Dr. Greetham's leadership and noted that the campaign chairman would have the full cooperation of member agencies in the job ahead.

Upon the recommendation of the organization's subcommittee, Ketchum, Inc. of Pittsburgh, Pa was hired to direct the campaign for the fall drive at a cost of $5,200 for nine weeks, replacing the American City Bureau which has directed campaigns here the last two years.

Edwin J. Kinter, executive secretary, pointed out that although Ketchum's fee will run $10 a week higher than did that of the American City Bureau, additional service will be provided to warrant the added expenditure. A representative will be in Marion for a week in June to begin campaign preparations.

Mr. Kinter explained also that a fresh approach is needed in planning this year's campaign and felt from interviews with representatives of the Ketchum firm that the fund-raising agency is capable of meeting Marion's 1957 campaign needs.

—:—

COMMENTING on the fall campaign, Mr. Howard expressed confidence that with cooperation "we can make our goal 100 per cent." He explained that "we hope to stay within last year's campaign amount," and pointed out the importance of a realistic goal. May 31 was set as the date for budgets of agencies to be turned in.

The group voted to change the auditing schedule from quarterly to yearly reports, feeling that a quarterly accounting of funds was not necessary. The action will reduce the auditing expense in the agency's budget, it was pointed out, and also facilitate earlier completion of the annual audit.

Earl Manter of Smoot, Roush and Manter, accountants, presented the annual auditor's report ending the fiscal year of Oct. 31, 1956. The report included an accounting of cash receipts, disbursements and other items. Trustees approved the audit as presented.

Coliseum

(Continued From Page 1)

equipment," Mr. Vogel said, and added "We simply cannot afford to get any deeper in debt and we want to know what we can do about this equipment that doesn't seem to pay."

Mr. Greune said he was not convinced it couldn't pay "if handled right." He added that it was, in his opinion, a "problem of operation" and told the board members that closing the Coliseum would be "the worst thing you could do."

—:—

THE SPEAKER emphasized that the business of promoting is "a tricky thing." He declared that what the Coliseum needed was a professional manager, one with experience in promotion technique and time to devote to such a business. That type of man, he suggested, might command a salary of perhaps $7,000 or $8,000 a year

Local industry or businesses might cooperate in giving such an individual supplementary employment in order to cut his salary demand from the Agricultural Society, Mr. Greune suggested.

He urged that before the Marion group make any definite decision to do away with the ice machinery, they check with other buildings of comparable size which have been successful and compare their methods of operation against those here.

He added that should the group decide to remove the equipment there was little likelihood they could sell it for more than $20,000. "The cost of removing it and reinstalling it elsewhere would be high," Mr. Greune observed. "We might, however, be able to locate a buyer," he said.

Mr. Vogel asked what steps the Sports Service would take in the event the machinery could be sold for $20,000.

Would the corporation, he wondered, hold the Marion group responsible for the balance of the $70,855 still owing?

Mr. Greune said it probably would. "We made an expenditure on an agreement to be paid in return," he answered, and added: "We could ill afford a $50,000 loss."

—:—

THE SPEAKER emphasized however, that his company would not "press" for the money. "We want to see your operation work," he asserted. "Your problem is not unique."

Mr. Stout asserted that the society's foremost concern seemed to be how best to handle the indebtedness against it and still make progress.

At this, Mr. Greune made his proposition to take the financial records of the Coliseum, analyze them and determine, if possible, what could be done to change the operation of the building from failure to success. "The experience you have already had should at least show you some areas from which to steer clear," he said.

When several society members declared that, with the current interest being charged, the Coliseum would never be a paying proposition, Mr. Greune said, "Maybe you are right, but let us first analyze your records and see what, if anything, can be done." He added that his company would also determine whether or not it could re-sell the ice equipment now in the Coliseum and, if so, what they could expect to receive for it.

A question was raised as to whether or not the society could purchase the concession rights from the Sports Service group. "I think we would be very reluctant to part with that phase of the business," Mr. Greune answered.

It is expected the Sports Service group will need about two weeks before being able to render a decision based on the Coliseum's financial records.

Ouster Talk

By Victor Riesel

If Dave Beck, who lends money to himself, were a Communist or a Fascist he could easily be expelled from labor's high command. But there apparently is no swift punishment to fit the prime betrayal of workingmen's trust — the juggling of a union's cash.

VICTOR RIESEL

Truth is there is no provision in the AFL-CIO constitution allowing the executive council itself to expel Dave Beck from the high command. This constitution must have been written with the quills of an ostrich.

Well, now, many a labor man has found the ostrich a bird of ridiculous posture with the entire public taking a whack at its rump.

The worst that the AFL-CIO Executive Council can do legally is file charges and hold hearings on Dave Beck's transgressions and the waywardness of his union's dollars.

SPECIFICALLY the constitution says:

"The executive council shall have the power to file charges and conduct hearings on such charges against any executive officer of the federation or other member of the executive council on the ground that such person is guilty of malfeasance or maladministration and to make a report to the convention recommending appropriate action. The executive council must serve such officer with a copy of the written charges a reasonable time before the hearing."

Thus, in the forenoon of Tuesday, March 26, George Meany and some of his colleagues filled their inner sanctum with anger and language which even Dave Beck might never had used to his first laundry wagon horse.

After the decision to put Dave Beck "on trial" was made, strategy was developed which will literally shake the highways of the land—wherever there is a truck and its driver.

LABOR'S HIGH COMMAND, loudly and publicly, will belabor Beck. It will denounce him. It will tell him it does not think him worthy of the leadership of the teamsters or of membership in the AFL-CIO.

It will recommend that he be dropped from the executive council by the AFL-CIO convention in Miami Beach next Dec. 5 and by the teamsters' convention next September in the same resort city — if it is not postponed.

The high command will not move against the teamsters brotherhood itself. It will make its open fight on Beck. Frank Brewster and on any other official, including Jim Hoffa, as these teamster leaders tangle with the government.

All this will be done publicly in the hope that the AFL-CIO executive council will be able to effect two objectives with one maneuver.

First the high command wants to save the Teamsters' Union. It does not want to expel its biggest affiliate. It does not want to lose 1½ million members.

Certainly it sees no gain in driving the union out of the AFL-CIO into isolation controlled by the very men who today are disdainfully giving all labor a black eye.

The entire labor movement would be ripped by civil war if the teamsters were dumped as was the International Longshoremen's Assn. back in 1953.

This fight alone against a union of 65,000 longshoremen, has cost the AFL-CIO several million dollars.

THE COST of a knock down fight with the teamsters brotherhood across the land would cost labor and industry scores of millions of dollars — not to mention heads.

To avert this, the secondary objective will be to stir the teamsters rank and file into revolt against Beck and his colleagues.

The high command doesn't quite know how this can be done. But one of the top policy makers of the 29 man council, minutes after Mr. Meany summoned him to an extraordinary executive council session said: "This will be the most dramatic moment, the most dramatic fight labor has yet seen."

And from Walter Reuther's headquarters came news that some old CIO leaders had written him urging a head on fight — but to give teamsters rank and filers everywhere the help they need to clean up the teamsters' national union while keeping it inside the AFL-CIO at the same time.

This showdown had to come.

Gamblers Nabbed

CLEVELAND (AP)—The dice game that police raided on Cleveland's East Side Thursday was in a reinforced garage with an escape hatch in the roof. Patrolmen William Mariner and Harry Lohn spotted half a dozen men fleeing through the trap door in the roof. Those six escaped, but the next 16 through the hatch were rounded up.

Police destroyed considerable gambling paraphernalia and charged the 16 with failure to admit police to a place of gambling.

Water Project Bill Passed by Senate 42-22

WASHINGTON (AP) — By a vote of 42-22, the Senate has put its okay on a new 1½ billion dollar water projects authorization bill which is virtually the same as one President Eisenhower vetoed last year.

The bill now goes to the House. The bill would authorize future appropriations of more than 1½ billion dollars for more than 100 flood control, navigation, hydroelectric and beach erosion projects in virtually all states.

The bill passed [illegible] of a bit of critical comment by President Eisenhower earlier in the week concerning the way Congress authorizes public works projects. The President told his Wednesday news conference that some projects apparently are authorized for political purposes.

HAL BOYLE

"If I spent all my time talking about what I was doing, I wouldn't have time left to do all the things I still want to," he said.

"I am no mystery man. I have tried to keep out of the spotlight, but sometimes you have to throw a little light on what you are attempting to do."

And in his 76th year Dr. Wenner-Gren feels he is now embarked on the biggest project of his life. It is the opening up of a 40,000-square mile frontier tract in British Columbia, a wilderness area of Canada almost as large as England and Wales combined.

WENNER-GREN has deposited half a million dolalrs with British Columbia provincial authorities as a guarantee he will build a 400-mile monorail in the area by 1960. But before then he expects to spend five million dollar to inventory its mineral, hydro-electric and timber resources.

"This is the most important thing I have ever tried," said Wenner-Gren, "because it will mean more to more people."

His company has agreed to provide hospitals and schools in the area as it develops, and his own share of any profits have been pledged to philanthropies. His associates estimate that if the territory proves as rich in resources as they expect, more than a billion dollars of capital will eventually be required to develop them.

WENNER-GREN, who is tanned gray haired and as vigorous as his Viking forebears, is often referred to as "one of the five richest men in the world."

His blue eyes twinkle in amusement when asked if it is true that he belongs in this charmed circle of wealth.

"I don't know myself," he said. "I wish I were. But as soon as I have more than I want I give it away."

Associates have estimated he has given from 25 million to 50 million dollars to various scientific and health foundations he has established here and in Sweden. He doesn't like to discuss his private philanthropies.

Wenner-Gren has moved fabulous amounts of money around the map of the world as an ordinary man might move checkers on a checkerboard.

HE IS AN organization genius, and is now reported to have active business interests in 20 countries. He founded his fortune on vacuum cleaners and home refrigerators, but today his scores of corporations make everything from diet pills to railroad trains.

The real mystery to most people is how this "mystery man" who in 1907 was getting 15 cents an hour in a New Jersey tractor factory, became a 20th century croesus.

But Wenner-Gren doesn't mind disclosing his secret of how to become rich.

"All that is required to make a million dollars is hard work, self-discipline and common sense," he observed drily.

There. The secret is yours.

Police Probe Flaming Cross

Full-Scale Inquiry Is Begun in Columbus

COLUMBUS, Ohio (AP)—A seven-foot pine cross, wrapped in oil-soaked cloth, was burned Thursday midnight on the front lawn of an East Side Negro family.

Police said a full-scale investigation has been launched.

The incident occurred at the residence of Mr. and Mrs. Charles Warren. Warren, a fireman at a downtown building, was at work at the time. He hurried home from work when notified of the incident.

Mrs. Warren told police:

"I went to the window and saw flames and then recognized the cross. I don't know why anyone would do this to us. We're very happy here. Our neighbors are very nice. I don't understand it."

The Warrens live in a block that contains 20 homes, seven of them occupied by Negroes. Neighbors told newsmen there never has been any racial friction in the area.

The cross-burning was the second in Columbus in seven months. There was a similar incident at the home of Mr. and Mrs. George Lawson last August. That case never was solved.

Fire Reports

FIRE CALLS

(Thursday)

10:55 a.m. to Anthony Laundry Co. at 196 E. Center St. where lint caught fire in a dryer pipe leading to the chimney, causing chimney lint also to catch fire. Central station firemen who answered the alarm extinguished the blaze with no loss.

(Friday)

12:20 a.m. to corner of W. Center and Latourette streets where smoke was coming from an overheated car owned by C. W. Moser of 357 Olney Ave., due to the emergency brake being left on. W. Center St. station firemen reported no loss.

Installation Program Staged by Hairdressers

Officers of the Marion chapter of the Hairdressers' Guild were installed at a ceremony at the Dixie Tea Room Monday night.

Those installed were: Mrs. Marie Burns, president, Mrs. Thelma Goerlich, vice president; Mrs. Mary Jane Bastos, secretary; Mrs. Lee Kissner, treasurer, and Mrs. Dorothy Beckel, corresponding secretary.

Appointed chairmen were Mrs. Jane Reed, education, Mrs. Rom Kern, social. Serving as installing officer was Jake Reed, a member of the state council.

Mrs. Burns gave highlights of the last council meeting held in Columbus this month.

During the business meeting it was decided that all past presidents will serve as members of the board of trustees and that the fourth Monday of each month will continue to be the meeting night.

The mastershield contest will be held in October.

Film on Blood To Be Available for Showing

An educational cartoon motion picture on blood and the circulatory system, which was shown on the "Telephone Hour" television program March 20, will be shown in color in Marion beginning April 23.

Miss Florence Stough, director of nurses at General Hospital, said the film, entitled "Hemo, the Magnificent," was obtained for the hospital through cooperation of the General Telephone Co. of Ohio.

Dates and times of the showings of the film at the public health auditorium at the hospital, which will be open to the public, will be announced later, Miss Stough said. She said she understood the film also will be available for showings in the schools.

Confession Is Repudiated in Lawson's Case

ST. LOUIS (AP) — Jackie Ray Lawson Thursday night repudiated a signed statement he made to Ohio authorities that he killed an attractive St. Louis divorcee and dumped her body in a creek near Columbus, Ohio.

Police said the 27-year-old poultry worker told them the only reason he signed the statement for Columbus police was that they told him his wife and child were being held and would be released if he admitted the crime.

Lawson, a self-styled gambler, refused to answer questions about his actions on Feb. 26, police said. That is the day Lawson's statement said he strangled Mrs. Credia M. Mallady, 29, in her St. Louis apartment after an argument. Officers questioned him for two and one half hours.

Lawson's statement said he and Mrs. Mallady quarreled over his plan to return to his wife and child and he strangled her with a length of clothes line after hitting her with a bottle when she threatened him with a knife.

The statement said he then drove to Columbus and dumped the body in a creek after carrying it around in the automobile trunk for a week.

Lawson was brought here by two St. Louis detectives Thursday night. He had waived extradition.

Officers said Lawson admitted he lived with Mrs. Mallady in her apartment for about a month before the slaying and they said he talked freely about events leading up to Feb. 26—the date Mrs. Mallady was presumably slain. Thereafter, he was silent.

Lawson, who said he was paroled last December at Wichita, Kan. on a forgery charge, was charged with manslaughter in a warrant signed by the circuit attorney's office.

K. of C. Deputies Honored by Group

District deputies were honored at the regular meeting of the Knights of Columbus Tuesday night.

Those present were District Deputy G. W. LaFontain and Amos Berry, formerly of Marion, both from Fostoria; District Deputy P. J. Lynch of Columbus; District Deputy J. J. Ringlein and Linol Lofland of Attica; Frederick J. Koenig of Upper Sandusky, district deputy of District 28, in which Marion council is located, and Past Grand Knight William Siegel of Upper Sandusky.

Elected delegates to the state convention in Cleveland April 27, were Grand Knight Anthony D'Amato and Past Grand Knight Charles Dunn. Frank Daum and R. A. Axe were selected alternates.

The monthly fish fry will be held Friday, April 5, beginning at 7:15 p.m., Karl Pfeiffer, council activities chairman, reported.

In charge of the program was Thomas McLean, fraternal activity chairman.

Mollet Wins Vote

PARIS (AP)—The National Assembly today gave Premier Guy Mollet his 33rd vote of confidence, 221-188, on the general policies of his coalition government.

The favorable vote was the smallest Mollet has received on a confidence motion during his 14 months in power—a record tenure in postwar France.

Ohio Cities Get Break on Road Planning Cost

COLUMBUS, Ohio (AP)—Ohio cities apparently will not have to pay as much for their portions of interstate highways as they thought.

Cities had been ordered to pay the entire cost of plans for those parts of the interstate system running through their boundaries.

However, Gov. C. William O'Neill said Thursday the planning costs for cities will not be considered a separate item, and will instead be included in the overall expenditure.

That means cities will benefit by a partial saving since the federal government will pay 90 per cent, the state 5 per cent and the cities 5 per cent of the overall costs.

The cities had asked the state to take over the entire financing of city plans. O'Neill's announcement was a compromise on that request.

Cost of planning interstate highways within cities usually runs about 3 per cent of the total outlay.

Strikers To Vote

CINCINNATI (AP)—Striking steelworkers at two plants of the Baldwin Piano Co. will meet tomorrow to decide whether to go back to work.

Al Whitehouse, director of District 25 of the United Steelworkers, told the company and Local 5379 Thursday that the strike was unauthorized. The 1,800 workers walked out Wednesday. Union sources said it was the result of "accumulated grievances."

Jesus Loved Them

By Patrick and Garrison

OFFICIAL Whose Daughter Was Healed

"... Behold, there came a certain ruler, and worshipped him, saying, My daughter is even now dead: but come and lay thy hand upon her, and she shall live."

—Matthew IX:18

Luke, in his gospel account of this incident, tells us that the ruler's name was Jairus, and that he was governor of one of the synagogues—perhaps at Capernaum.

Moreover, we learn that it was the man's only daughter who was ill and that she was about twelve years of age.

Although the literal phrase in Matthew declares that "my daughter is even now dead," it is clear from Luke's narrative that the official meant that his daughter lay at the point of death when he left home, and probably had died by the time he reached Jesus.

As a matter of fact, a servant from the ruler's house arrived at that moment to declare:

"Thy daughter is dead; trouble not the Master."

But Jesus reassured the man who had sought Him out, fallen at His feet in humility, and expressed so great a faith ("lay thy hand upon her and she shall live").

"Fear not," He told Jairus, "believe only, and she shall be made whole."

And because Jairus did have faith, Jesus accompanied him to his house. By the time they arrived, the funeral rites were already in progress.

As was the custom, professional mourners were weeping and wailing loudly, accompanied by rude musical instruments. The practice was similar to the traditional Irish wake.

Jesus turned the mourners out of the house, and allowed only Peter, James, and John to go in with Him.

He told the mourners:

"Weep not; she is not dead, but sleepeth."

But, like skeptical materialists of all ages, "they laughed him to scorn, knowing that she was dead."

Nevertheless, Jesus took the girl by the hand and called to her, saying: "Maid, arise."

"And her spirit came again, and she arose straightway: and he commanded to give her meat."

Once again, faith was the victor over disease and death.

Police Follow Two Leads in Fatal Shooting

COLUMBUS, Ohio (AP) — Authorities today centered their investigation on two suspects in the fatal shooting Tuesday of Walter Blankenship, 37, killed while protecting his 12-year-old daughter from an intruder.

Blankenship was shot in the chest by a prowler who tried to molest the daughter, Peggy Jo, in her bedroom.

One of the suspects is a man who, police said, boasted to a woman in downtown Columbus that he had "killed Blankenship." The woman gave officers the license number of the man's car.

The second suspect was still being sought Thursday night. A man reportedly walked into a Newark Ohio, restaurant in his stocking feet and asked where he could buy new shoes. A waitress furnished his car license number.

Police said they found stocking feet footprints outside the Blankenship home and theorize the intruder fled without his shoes. No shoes have been found, however, officers said.

Trio Robs Store

CANTON, Ohio (AP)—A $16 purchase by two men and a woman at Grossman's Jewelry Store here Thursday turned out to be a $1,700 robbery. Edward Grossman, store owner, told police that the men, about 30 years old, and the woman, about 28, walked into the store and started to buy gifts.

While the woman kept two clerks busy the men took 16 diamond rings from a show case at the front of the store. The loss, which wasn't discovered until two hours late, was covered by insurance.

2 Die in Bombing

TUNIS (AP)—Two Algerians were killed and another was wounded early today in a bomb attack on a club on one of Tunis' main streets. The blast also injured two Tunisians.

New Borrowing Schedule Will Start Monday at Library Here

Beginning Monday a new book borrowing schedule will go into effect at the Marion Carnegie Public Library, Miss Janet Berg, librarian, announced today.

The time for lending older fiction and non-fiction books will be extended to four weeks. New fiction may be borrowed seven days and new non-fiction, 14 days, Miss Berg indicated. The one-day collection is being discontinued.

Miss Berg also announced the first of a weekly series of displays of new books at the library.

New books will be put on display each Monday near the main desk at the entrance. These books may not be signed out until Saturday of the week in which they are first displayed.

Heating Business Is Slated To Open

Kenneth Laughbaum of Springfield, formerly of near Galion, today announced he will open a heating and air conditioning business at 676 E. Center St. next week.

The business will handle the Lennox Furnace Co. equipment but service calls will be made on all types of furnaces and air conditioning units, Mr. Laughbaum said.

Office hours will be from 8 a.m. to 5 p.m., and service calls will be answered any time. The building occupied by the new business, to be known as the Modern Air-Flo Co., was formerly a service station of the Ashland Oil Co.

Mr. Laughbaum has been in furnace work 11 years and recently completed a six-months period with the Lennox dealership in Springfield.

He said he hopes to have 12 men working in the firm eventually.

Ore Shipping Begins

CLEVELAND (AP) — The Pittsburgh Steamship Division of U. S. Steel Corp. will launch its 1957 shipping season Monday as nine highpowered ore carriers leave three ports—three carriers from Lorain, five from Monroe, Mich., and one from Milwaukee.

Girl, 5, Rescued

CLEVELAND (AP) — Patrolman James H. Cowles rescued Diane Donnelly, 5 years old and nearly deaf and mute, from the icy water of Cahoon Creek in Bay Village Thursday, ending a two - hour search.

Cowles heard a faint whimper after going through the area "a dozen times." He scrambled down a ravine and into the creek, to pluck the girl from three feet of water. Police said Diane apparently had been standing for at least an hour in the water, caught under overhanging tree roots and branches.

Former middleweight boxing champ Solly Krieger now is a beachwear manufacturer in Florida.

O'Neill Studies Plan

COLUMBUS, Ohio (AP)—Gov. C. William O'Neill said Thursday he will consider supporting a proposal to remove a ban against increasing the pay of judges during their term. A Cuyahoga County delegation told O'Neill only eight of 19 judges were permitted $2,000 salary increases under a bill passed last year. The present proposal would authorize the increase for the remaining 11.

Burglar's Fainting Spells Help Police

FORT WORTH, Tex. (AP)—Police sneaked into a store where three safecrackers were hard at work on a safe.

"That's all, boys," announced Officer William O. Sharp, a 26-year veteran of the force. "The show's over."

Whereupon one of the three, Jimmy Olen Coffey, 22, fainted. "Later, he came to and fainted again," related Sharp. "In all, he fainted three times before we got to city hall."

Coffey, an ex-convict free on bond at the time after being charged with burglary, faced new charges.

King Haakon was 33 years old when he was placed on the Norwegian throne in 1905. He demanded an election to see if the public approved his enthronement, and he has been reigning ever since.

Man Needs Two Sets of Eyes

JOHN CROSBY

We are all going to have to grow four eyes and four ears, if net-work competition gets any worse. More and more, the idea is not so much to entertain us as to distract us from enjoying somebody else. NBC gloats because "Twenty-One" knocks off "I Love Lucy" for a week or two. Or Steve Allen knocks off Ed Sullivan. The idea is not so much to get a rating as to destroy somebody else's rating.

Probably the worst example of this is the Sunday night at 8 p.m. Warfare between NBC and CBS. But suppose they both have people on you'd like to watch at the same time? Well, the cure for this, advocated on the air by Peter Lind Hayes on his television show the other day, is two television sets placed one on top the other.

Hayes said he puts a little portable set on top of his big set. On the little set he has a picture on one channel; on the big set he puts both picture and sound from the other channel.

-:-

THAT WAY YOU can be enjoying the Allen show, while at least keeping an eye on what Sullivan is up to. The moment the little picture looks more interesting than the big one, you switch channels on both sets. NBC is thrown upstairs; CBS comes down into the parlor, sound and all.

I tried it the other night and it works fine. Sullivan had a trick shot golfer downstairs on the big set. That, I can live without. Upstairs, NBC had Lou Costello in a telephone booth in what looked like Fred Allen's old sketch.

So Costello was brought down into the parlor and sure enough it was that delicious old sketch about the guy who was only trying to telephone across the street and can't get there, while every one else manages to call Bombay or London, without any trouble. If it hadn't been for the double set arrangements, I'd have missed that delightful old chestnut which I love.

-:-

HOWEVER, I scampered back to Sullivan in time to catch Miss Julie London sing "The Boy on the Dolphin," a song that may not be her dish of tea. Upstairs on NBC, meanwhile, was Gordon Scott, the last of a long line of Tarzans, plugging his next picture. That sort of thing I can avoid indefinitely.

You see the great advantage of the little set on top of the big one—both of them on at once, but only one with sound on — is not only that you don't miss anything you would like to see, but that you do miss some real dogs. You carefully steer your way through the hour, savoring the best of both, and, as I say, saving yourself from listening to some awful junk.

Among other things — this won't make the sponsors of either show particularly happy — you can miss practically all of the commercials. The moment Sullivan starts whining a commercial —and those interludes are as long as the average dog act on his show — the show is kicked upstairs. That applies to Allen's sponsors, too. You can look at them, up there, if you like, but you can't hear them.

-:-

SUPPOSE YOU want both shows at once? That's when you need that double set of eyes. Well, the other night, while Allen had Janik and Arnaut, a dance team in which the woman plays the part of a snake that coils around her dance partner, Sullivan had on Rodgers and Hammerstein giving a preview of one of their numbers from "Cinderella" (which will be presented on CBS-TV this Sunday at 8 p.m. EST) called "Do I Love You Because You're Beautiful."

Well, I like that snake act which I find macabre and amusing. But I didn't want to miss the Rodgers and Hammerstein tune which is a very good tune. (In fact, the whole score from "Cinderella" is the first score especially written for television which sounds as if it had been written at all.) But, you don't have to hear a snake act, and you don't have to look at Oscar Hammerstein, so I parceled out my ears to one show and my eyes to the other one.

At best it was a makeshift arrangement. Eventually we'll all need two separate sets of eyes and ears, maybe three if ABC starts to compete with the others at that time. Naturally, everyone already has two television sets. In fact, I expect any day now the TV set industry to start slyly campaigning for a set in every room, including the bathroom.

RESULT OF ASSAULT. Sally Dawson, 23, secretary to Sherman Billingsley, surveys eye blackened when attacked by two men as she entered building in New York where she lives. She said she took photographs of the Stork Club which Billingsley owns, showing picket line outside. Kitchen help and waiters are involved with Stork Club in labor dispute.

Takes Federal Post

WASHINGTON (AP)—Andrew H. Berding, former Cincinnati and Associated Press newsman, Thursday was sworn in as assistant secretary of state for public affairs. Before joining government service several years ago, he worked for The Associated Press in Europe and Washington and was on the staff of the Cincinnati Times Star and Cincinnati Commercial Tribune.

Seek TV Station

WASHINGTON (AP) — Three stations are competing again for channel 45 in Youngstown, Ohio. The Federal Communications Commission recently authorized station WKST-TV, Newcastle, Pa., to relocate its transmitter inside Youngstown's city limits. The FCC said WKST-TV could use the channel either in Newcastle or Youngstown.

Thursday, WJET, Erie, Pa., and WXTV, Youngstown, asked the FCC to reconsider its authorization of 45 to WKST-TV, and to grant their competitive applications.

Complaint Dismissed

COLUMBUS, Ohio (AP)—The Utilities Commission has dismissed a complaint filed more than three years ago against the Brewer Heights Water Co. of Chillicothe.

The complaint, filed by residents of the Brewer Heights subdivision, alleged that the company's water rate of 50 cents per 100 cubic feet was illegal because it had never been properly established under provisions of Ohio law.

Lewis S. Witherspoon, commission attorney-examiner, ruled the company had filed its rate schedule with the commission Sept. 9, 1953. The commission accepted Witherspoon's recommendation Thursday.

The first pure nickel coin was a 20-centime piece issued by Switzerland in 1881.

ALL IN THE EAR

What you see in this girl's ear is Sonotone's new hearing aid — complete. IT'S WORN ENTIRELY IN THE EAR — no cord, no extra "button." Weighs only half an ounce.

Women's hairdos hide it completely. On men, this amazing hearing aid is barely noticeable from any angle.

Tebbetts Pushes Cincinnati's Mound Staff; Joe Nuxhall Sets Down Phillies

TRAIL FINSTERWALD. Mike Souchak (left) and Dutch Harrison chat after first round action in the Azalea Open golf tournament at Wilmington, N.C. The two tied with first round cards of 69, three strokes behind Dow Finsterwald, the leader. (UP Telephoto)

Finsterwald Sets Pace

Native Ohioan Nails Lead In Azalea Golf Tournament

WILMINGTON, N.C. (AP)—Dow Finsterwald, riding one of golf's hottest money winning streaks, was the man to watch today as he carried a three stroke lead into the second round of the $12,500 Azalea Open Tournament.

The 27-year-old Athens, Ohio, native, now playing out of Jupiter, Fla., has been in the money in 46 consecutive tournaments and he has his aim on the $1,700 first prize in this 72-hole test which ends Sunday.

He came up with a sizzling finish in the first round, bagging three birdies on the last four holes for a 34-32—66 that was good for a three stroke edge over Mike Souchak of Grossinger's N.Y., last year's winner, and E. J. (Dutch) Harrison of St. Louis, who is 47 years old today.

Each of the three leaders could thank his putter for his lofty position. Finsterwald, with 12 pars and 6 birdies, had putts of 15, 10 and 6 feet for his birdies. On the last hole he dropped a great eight iron shot a foot from the pin for an easy birdie.

Harrison, also never straying over par in his tour of the 6,700-yard, par 72 Cape Fear Country Club course, had an eight footer and two fours for his birds, but saved precious strokes with difficult pars, one on a putt of 12 feet and two of eight.

Souchak, who said he hadn't been putting well prior to the tournament, rammed home two from 14 feet going out and a 15 and 7-footer coming back. He followed a bad drive on 18 by overshooting the green and just missing a 10-footer to take a bogey five.

The field will be cut to the low 60 pros and ties and the 10 low amateurs for Saturday's third round.

Xavier's Mentor Considers Offers

CINCINNATI (AP) — Ned Wulk, who directed Xavier University's basketball teams into the quarter finals of the National Invitational Tournament for each of the last two years, may change jobs.

Wulk, questioned after Thursday night's banquet honoring the Musketeer team, confirmed that he has had offers from two schools but insisted there is "nothing definite."

He declined to name the schools but there were reports they are Louisiana State University and Arizone State College of Tempe, Ariz.

It also was understood that Wulk would leave today for Tempe to confer with officials there.

Early Break Is Sought by Redleg Boss

By The Associated Press

Birdie Tebbetts, named the National League's Manager of the Year in 1956 for steering his Cincinnati Redlegs to third place, is pushing his pitchers harder than any other manager in an attempt to break away fast this season.

He sent a Redleg pitcher the full nine innings yesterday for the second time since the spring exhibition season started earlier this month.

Second To Go Route

Left-handed Joe Nuxhall eased past the Philadelphia Phillies 5-2 at Clearwater, Fla. Nuxhall, a big "if" in Redlegs' plans since he was 16, allowed four hits. Johnny Klippstein pitched a complete game last Friday as the Redlegs edged Detroit 2-1.

In other games, the Boston Red Sox whipped the Chicago Cubs 5-3; the Milwaukee Braves scored two in the 10th to beat the Yankees 6-4; the Baltimore Orioles edged the New York Giants 5-4; the St. Louis Cardinals battered the Chicago White Sox 7-4; the Kansas City Athletics defeated the Pittsburgh Pirates 7-3; and the Brooklyn Dodgers beat the Washington Senators 8-3.

Frank Sullivan hurled seven innings — the longest effort of any Red Sox pitcher — and scattered five hits to earn the victory over the Cubs.

Red Murf, 35-year-old Milwaukee reliefer, doubled home two runs in the tenth against the Yankees to win his own game.

Nieman Homers

Bob Nieman hit a two-run homer in the ninth to supply the Orioles with the winning margin against the Giants.

The Cardinals hopped on Billy Pierce, a 20-game winner last year for the White Sox. They scored six runs in the first three innings against him to gain a lead they never lost.

Lou Skizas hit a double, single and three-run homer to lead the Athletics to a 7-3 victory over Pittsburgh.

Carl Furillo, Don Zimmer and Don Demeter provided the home runs as the Dodgers handled the Senators roughly.

PERENNIAL QUALIFIERS

LAS VEGAS, Nev. (AP) — Only two golfers, Cary Middlecoff and Sam Snead, have been able to qualify for all five renewals of the $38,500 Las Vegas Tournament of Champions. In order to qualify, a golfer must win at least one major tournament in the 12 months preceding the Las Vegas event.

LOSES DECISION. Joe Nuxhall, Cincinnati Redleg hurler, is out at second base in an attempt to stretch a single as John Kennedy of the Phils makes the tag. The action took place in an exhibition game Thursday. Nuxhall hurled his mates to a 2-1 victory. (UP Telephoto)

GRAPEFRUIT League

Braves To Open Play With Veteran Lineup

BRADENTON, Fla. (AP) — The Milwaukee Braves will open the 1957 season with the same lineup that was edged out of the pennant in the final week of the 1956 campaign by the Brooklyn Dodgers who won the title by one game.

Manager Fred Haney said he will work with that lineup until May when he will decide if any trades are necessary. The lineup: Joe Adcock at first, Danny O'Connell at second, Johnny Logan at short, Eddie Mathews at third, and Bobby Thomson, Bill Bruton and Hank Aaron in the outfield and Del Crandall behind the plate.

Lopez Ready To Test White Sox Hill Corps

CLEAR WATER, Fla. (AP)—Jack Harshman may be the first Chicago White Sox pitcher to go more than three innings in today's game with the Philadelphia Phillies at Clearwater, Fla.

So far, no Sox hurler has worked more than three innings in exhibition play.

Manager Al Lopez has Harshman, Bob Keegan and Russ Heman slated for the game. But he told Heman he may not see any action if Harshman and Keegan request extra work, as he thinks is likely.

DiMag's Final Record Too Low, Splinter Says

TUCSON, Ariz. (AP) — Ted Williams, 38-year old Boston Red Sox slugger, is as quick on the verbal draw as he is at bat.

A sports broadcaster, interviewing Ted, asked:

"Do you plan on quitting while still at the top like Joe DiMaggio?"

"When DiMag quit, he hit .263," Williams fired back. "I don't ever expect to hit that low."

Cubs' Top Power Hitter Concentrates on Bunts

MESA, Ariz. (AP)—Shortstop Ernie Banks, who hammered out 44 homers for the Chicago Cubs to set a big league record for home runs by shortstops, is concentrating on bunts.

Banks says he can't recall ever beating out a bunt and says he figures if he can bunt once in a while "it may mean that instead of hitting .297 I can hit .335 or more."

"He's our power man," Manager Bob Scheffing says. "I wouldn't want him bunting all the time. But I'm in favor of anything that will make any of our fellows better ball players."

Second Pro Grid Loop Is Planned

BALTIMORE (AP) — A meeting veiled in secrecy will be held in a Baltimore hotel April 6 in an attempt to organize a new professional football league.

Millard T. Lang, who proposed a United States Football League, Inc., said enough representatives would be present to insure league operations in 1958.

But Lang declined to say who would be present or how many cities would be represented. He said the meeting would be a closed affair.

Lang, a 44-year-old Westinghouse Electric Corp. official, said the U. S. League wouldn't try to compete with the NFL, although his plan included teams in the territory of the four National League teams.

The plan called for a northern division composed of New York, Baltimore, Buffalo, Minneapolis, Milwaukee, Boston, Cincinnati and Detroit, and a southern division of Miami, New Orleans, Atlanta, Louisville, St. Louis, Kansas City, Houston and Dallas.

In the Southern Assn. in 1956 there were seven games during which one pitcher issued at least nine bases on balls.

Shaffstall Named

Harding Cage Ace Wins All-Star Nod

Everett Shaffstall, Harding High School basketball ace, was named to a forward position on the Buckeye Conference all-star team selected by the circuit's coaches.

The selections were made Thursday night at a coaches meeting held at Fremont.

Phil Sykes, another Harding star, was awarded the second team center spot while Jed Middleton, Prexy senior, and Bob Middleton, his sophomore brother, were included in the honorable mention list.

—:—

THE CONFERENCE coaches named three juniors to their first squad selections. In addition to Shaffstall, who earlier this week was named one of next year's co-captains, Elyria's Ted Gottfried and Findlay's Clair Karcher won first team berths. Gottfried was given the other forward slot while Karcher was named at a guard. Center on the first team went to Ron Ferlic, a Lorain senior, while Conrad Chambers, Findlay's senior ace, was the other guard.

Sykes' running mates on the second team include John Level, a Fremont junior, and Thurman Taylor, Elyria senior, at the forwards and Clarence Glover, Fremont senior, and Dave Jones, Sandusky senior, at guards.

Other cagers named to the honorable mention list included Jack Lee, Fremont senior; Paul Walker, Elyria junior; Tom Reitz, Sandusky senior; Ron Tate, Findlay senior; Bill Fazekas, Lorain junior; Jerry Gilbert, Elyria senior; Tom Wood, Sandusky senior, and Fred Wright, Findlay senior.

—:—

SHAFFSTALL WAS selected by his Harding mates to serve as co-captain of next year's squad along with Vaughn Williams. Tuesday night at the annual Harding basketball banquet he was cited as the top offensive performer with this year's ball club.

Sykes served with Jed Middleton this season as co-captain and was awarded the foul shooting trophy by Coach Jim Gibson. Jed Middleton won the Prexy defensive award and also lead the squad in assists. Bob Middleton, playing the entire year as a sophomore, was the Prexies' top rebounder and last week won honorable mention in the United Press' All-Ohio balloting.

Isaac Logart, Turner Meet In TV Feature

NEW YORK (AP) — Flashy Isaac (Kid) Logart of Cuba risks his chances for a welterweight title fight tonight by taking on dangerous Gil Turner of Philadelphia again in a television 10-rounder at Madison Square Garden.

Logart, 23, racked up a unanimous but close decision over the aggressive Turner in a bristling battle in the Garden 17 months ago and is a 2-1 choice to repeat.

"I thought I beat Logart the first time," said the 26-year-old Turner. "Now I'll prove I was right."

Logart is ranked second to former champion Tony DeMarco in the contenders' list and his manager, Eddie Mafuz, has offered $30,000 to welterweight champion Carmen Basilio for a championship contest.

A loss to Turner could ruin, or at least delay, Logart's title fight hopes. Turner was a 13-10 favorite the first time.

Closing Swim Event Planned At YMCA Pool

The annual YMCA 1,500 meter swimming championships this Saturday will mark the close of the current swimming season for Coach Warren Foster's charges.

This event inaugurated last year is like the classic mile run in track but much more strenuous if a fast time is produced. The event is swum only at the annual college conference championships and the national AAU and NCAA meets each year.

The current world record for this event is now under 18 minutes when America's George Breen won his heat in the Olympic Games with an amazing 17:52.8 race. Marion records are of course much slower but are expected to get better each year as the boys get more accustomed to the event. Current intermediate record is 23:18.8 by Fred Jones from last year's team. This mark most likely will stand since Ray Tillman the most likely winner is out of action with a dislocated shoulder suffered last week-end in the area championships. Junior ace, Tom Prichard, is the favorite to repeat and lower his record of 25:48 although he will be pushed by Alan McKee and last year's prep champion Tom Sampley. The prep division will be wide open with Tom Shambaugh and Bob White the most likely to win but both will have two years to top Sampley's mark of 28min.:38.0 seconds.

This year with a new girl's swimming team, a fourth division will be swum Friday at 6 p.m. over an 800 meter course, just about 35 lengths of the pool. The winner will establish a new record for others to shoot at in the future. The boys heats will run from 3-5 p.m. Saturday with both sessions open to the public.

45 Track Hopefuls Work at Bucyrus

BUCYRUS — Forty-five candidates began workouts for the 1957 Bucyrus High School track squad.

The list includes 10 seniors, 11 juniors, 3 sophomores and 21 freshmen, Coach Bob Wolfe reported.

Lettermen returning and their specialties include: Joe Butterman, pole vault, high jump and 440-yard run; Ed Light, shotput and discus; John Kiess, 880-yard and mile run; Ross Brinkman, hurdles; John Boorn, dashes; Phil Fowler, 440-yard run, broad and high jumps; John Pirnstill, 440-yard run and hurdles and Jim Strauch and Bob Clady, dashes.

Head football coach Dick Frantz is assisting Wolfe in his coaching duties.

The schedule includes: April 4, at Galion; April 9, at Bellevue; April 11, at Upper Sandusky; April 18, at Tiffin; April 25, Shelby, here; April 30, Galion-Mansfield Madison-Bucyrus here; May 2, Ontario-Marion St. Mary-Bucyrus, here; May 7, at Norwalk; May 9, Tiffin - Willard - Bucyrus here; May 14, Northern Ohio league meet at Tiffin.

The April 30 triangular meet with Galion and Mansfield Madison and the May 2 triangular event with Ontario and Marion St. Mary are night meets.

Auto Club Meets

The Marion Wild Cats, auto safety club, met Thursday night at the home of Harold Blankenship. Plans were discussed for a safety check of all members' cars by members of the highway patrol. The check will probably be conducted at Harding High School's parking lot.

Officers of the group are as follows: Bob Poorman, president; Harold Blankenship, vice president; Donald Drake, secretary; Ronald Dendinger, treasurer; and Kenny Anderson, sergeant - at - arms.

Women's Bowling Tourney To Open

Marie Hamilton Among Top Contenders for Marion Crown

The annual tournament for members of the Marion City Association of Women Bowlers is scheduled to start Saturday. Slated to roll for the several trophies and awards being offered for the tourney's top keglers are several outstanding women keglers.

One of these is Mrs. Marie Hamilton who, in only three years of competition, has established herself as one of the association's foremost contenders.

Mrs. Hamilton, a resident of Richwood, took up bowling after being persuaded by a friend to try her hand. Since then she has established a record here of rolling 20 games over "200" in a single season. She once scored a single game high of 256 and subsequently recorded a 614 series.

—:—

HER 256 SCORE prompted the city's Men's Bowling Association to make her an honorary member of their "250" Club and to present her a trophy for the achievement. As of now, Mrs. Hamilton is sporting a 167-pin average in one of the four leagues in which she participates. She has a 164, 163 and 155 respectively in the other three. She competes weekly with the following teams: David St. Party Store, Ladies All Star League; Jolleys, Mixed League; Lee's Steak House, Ladies Commercial League; and Osborne's Rest Home, Thursday PM Ladies League.

Mrs. Hamilton has the distinction of having three of the four teams of which she is a member in first place in their respective leagues. Moreover, the Jolleys have won their league's title each of the three years she has been a member. This kegler enthusiast numbers among her prizes for bowling skill a "600" arm patch, presented by the Women's International Bowling Congress.

Mrs. Hamilton, who will compete in the national bowling tournament in Dayton in April, will team with Mrs. Charby Price, last year's singles champion, in the doubles entry of the upcoming tourney here. Aside from the sheer enjoyment she gets from bowling, Mrs. Hamilton has had her share of impromptu thrills, the greatest of which she remembers as the near-impossible 4-7-10 split she rolled twice in one night.

—:—

SIX TEAMS will open the proceedings as the tourney gets under way Saturday at the Palace Recreation Center. The competition will continue the weekends of April 6-7 and April 13-14.

Furnishing top competition for Mrs. Hamilton will be several other outstanding keglers on the local scene. Among these individuals is Mrs. Marge Fields, who recently scored a 250 game and a 608 series. She became the second honorary member of the men's "250" Club, and was also recipient of a "600" arm patch from the WIBC.

Mrs. Marge Krausz, with 13 "200" games to her credit, will be a strong contender for top honors, as will Miss Mickey Carpenter, last year's actual pin champion, in addition to other top honors.

The Sunday Night Ladies are defending champions of this annual handicap tourney. Mrs. Viola Avery and Mrs. Mary Brown wear the doubles crown, while Mrs. Charby Price will be attempting to take a second singles title. Miss Carpenter's all-events tally last year was 1,573 pins. Mrs. Grace Gunder rolled a 224-pin single game high and Miss Carpenter scored the series top with a 577 score.

In charge of this year's tourney arrangements are Mrs. Mildred Thome, secretary of the city association, and Mrs. Marge Krausz. Mrs. Floreine Clark is publicity chairman.

The following is the tournament scheduled for team doubles and singles events. A last minute change in plans necessitated some time and date revisions. These, together with the alley numbers are as follows.

STRIKE OR SPARE? That's the question concerning Mrs. Marie Hamilton as she sends her ball down a Palace Recreation Center alley in an effort to maintain her present overall 162-pin bowling average. Mrs. Hamilton will represent a serious threat to defending title holders when the annual women's bowling tourney gets under way Saturday.

Chicago Cubs Flashing Little Improvement

By JERRY LISKA

MESA, Ariz., (AP) — Even with new manager Bob Scheffing and a passel of players from their championship Los Angeles team, the Chicago Cubs still look pretty much like last year's eighth place club, to wit:

Seventh of a Series

Ernie Banks and eight other guys.

Scheffing, a stern-visaged, but pleasant - mannered former Cub catcher, knows he has a big job and that, as yet, the tools to handle it haven't been provided.

Scheffing watched his two advertised third - base candidates, Ray Jablonski, acquired from Cincinnati, and George Freese, one of his Los Angeles boys, perform for awhile. Then he moved veteran second baseman Gene Baker to third.

Moryn Makes Shift

A more surprising move, outfielder Walt Moryn was shifted from right field to first base last week, making veteran Dee Fondy cool his heels. At Baker's second base spot, Casey Wise, another ex-Angel, has a chance to make the big league grade.

Of the 10 odd players Scheffing brought from the Los Angeles club which won the Pacific Coast League title by 16 games last season, Wise and outfielder Jim Bolger appear standouts.

Bolger started out in left field this spring, but has been shifted to center and also played right field.

If the Cubs don't deal for an established outfielder before the season opens, Scheffing may be in just as much hot water as the man he succeeded, Stan Hack.

Gale Wade, Solly Drake, Jim King, Bob Speake and Ted Tappe, not to mention a fine rookie, Bob Will, all are listed as outfielders. But King was the only one of the more or less unproven lot who was with the Cubs all last season. Speake could wind up at first.

3 Catchers Available

The Cubs have a complete new catching deal this season with ex-Yankee Charley Silvera, ex-Cardinal Ray Katt and rookie Cal Neeman. Unless Silvera and Katt start humping, Neeman could steal the job.

Cub pitching this season may be an interesting blend of youth and experience. The "ace" is veteran Bob Rush, a 13-game winner last season, flanked by two great young prospects, Moe Drabowsky and Don Kaiser.

Scheffing also hopes to make a starter of Elmer Singleton, an 18-game Seattle winner, while two other newcomers include Tom Poholsky and Jackie Collum from the Cardinals. Jim Brosnan, Turk Lown, Vito Valentinette and such Los Angeles products as Gene Fodge, Dave Hillman and Johnny Briggs can help on the hill.

2 Marion Teams Win Tourney Tilts

Two Marion teams won opening tests in Gold Medal basketball play Thursday night at LaRue High School.

West AC squeezed past Wyandot Vault 65-63 and England Haircutters whipped Worley of Delaware by a 74-68 count. Marion was dropped 78-48 by Byhalia. In the fourth contest, Logan Coffee Shop rolled over Weaver-Neff of Galion by an 87-67 margin.

Bill Garnes pumped in 18 points to lead the West AC quintet to its win. Pearl Dean had 15 to pace the losers. The West squad will tackle Lincoln at 11 p.m. tonight.

Joe McDaniel and Ted Bibler each connected for 23 markers to lead the England scoring Berl Coffae had 24 and Don Holley 23 for the losers. The winners will play Caledonia Bar tonight at 9:30.

Byhalia had little trouble against Marion, jumping into an early lead and never giving it up. Russ Cline's 13 markers were high for the losers while Don Shoemaker countered with 11. The winners face Jones Poultry in tonight's opener at 6:30.

Roy George pumped in 25 points to lead Logan Coffee Shop in its rout. Jack Tinsley added 14. The Logan crew takes on Wilson's of Green Camp at 8 tonight.

Semifinals in the Gold Medal tourney are scheduled for Sunday at 1:30 and 3 p.m. Finals will be held next Wednesday.

Cardington Girl Takes Morrow Spelling Crown

MOUNT GILEAD—Kay Bean, a sixth grader at Cardington School won the Morrow County grand champion spelling award at Iberia School this week.

Kay won the sixth grade oral championship and then successfully competed against the other grade champions. Mrs. Goldie Gale is her teacher. She is a daughter of Mr. and Mrs. C. W. Bean.

Dianne Beam, an eighth grade pupil from the Johnsville School was runner-up. George Burgett is her teacher. The winner is eligible to participate in the state contest.

New York Stock Market

NEW YORK (AP)—Profit-taking scalped today's initial stock market rise, leaving an irregular pattern with a lower tendency.

Key stocks showed gains or losses running from fractions to around a point.

The business and economic picture remained mixed but the market has been rising in past sessions despite this. Today, however, Wall Street technicians point out that the averages were near the top of their recent trading range which has proved a stumbling block to further progress before.

Lukens Steel dropped a full point. Fractional losses were the portion of U. S. Steel, Bethlehem, Republic Steel and Youngstown.

Ford was off around a point, Chrysler more than that and General Motors showed little change.

Leading rails were unchanged to slightly lower. Oils, utilities, aircrafts and airlines showed small minus signs.

U. S. government bonds eased.

Carhart, Executor of the Last Will and Testament of Henry H. O'Dowd, deceased, on the 13th day of March, 1957, filed his Petition in the Probate Court of Marion County, Ohio, alleging that the personal estate of said decedent is insufficient to pay his debts and the charges of administering his estate; that he died seized in fee simple of the following described real estate:

Situated in the County of Marion, in the State of Ohio, and in the City of Marion, and bounded and described as follows: Known as being part of Lots Numbers Eleven Hundred and Fifty-seven (1157) and Eleven Hundred and Fifty-eight (1158) in Wallace and True's Fifth Addition (O. L. 442): Beginning at a point in the west side of Barnhart Street ninety-six (96) feet north of the intersection of said west line of Barnhart Street and north line of North Street (now Wilson Street), thence with west line of Barnhart Street north forty-eight (48) feet; thence westward parallel with said north line of North Street (now Wilson Street) one hundred and fifty (150) feet, thence southward forty-eight (48) feet, thence eastward one hundred and fifty (150) feet to place of beginning.

The prayer of said petition is for the sale of said premises for the payment of debts and charges aforesaid.

The persons above mentioned will further take notice that they have been made parties defendant to said Petition and that they are required to answer the same on or before the 18th day of May, 1957.

Ralph E. Carhart, Executor of the Last Will and Testament of Henry H. O'Dowd, deceased.
Ralph E. Carhart,
Attorney for Executor.
Case No. 21725.

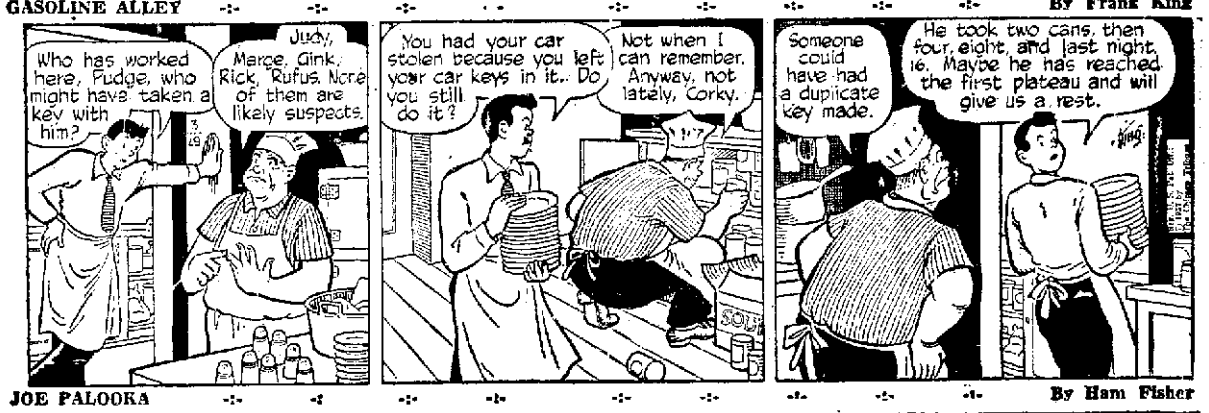
GASOLINE ALLEY By Frank King



Who has worked here, Fudge, who might have taken a key with him?
Judy, Marge, Gink, Rick, Rufus. None of them are likely suspects.
You had your car stolen because you left your car keys in it.. Do you still do it?
Not when I can remember. Anyway, not lately, Corky.
Someone could have had a duplicate key made.
He took two cans, then four, eight, and last night, 16. Maybe he has reached the first plateau and will give us a rest.

DISTURBING QUACK

RICHMOND, Va. (AP) — A poultry market here piled up wild ducks brought in by wives of hunters until it could catch up with its regular business of dressing poultry. A worker detected quacks from the pile. Investigating it was found that a big mallard was alive, apparently stunned by the hunter. It wound up in the window of the market.

TURTLE HEARTS STUDIED

EAST LANSING, Mich. (AP) — Turtles are being used in heart studies at Michigan State University. The turtles are deeply anesthetized so that electrodes may be attached to their heart muscles for direct electrocardiograph recording.

Akron-Canton Port Jet Base Plan Is 'Dead'

AKRON, Ohio (AP)—A 3½ million dollar improvement at Akron-Canton airport to enable the Air Force to use jet planes in reserve training is a dead issue, Maj. Gen. Roger J. Brown of Washington said at a banquet here Thursday night.

Gen. Brown told an audience of about 250 attending a program at which awards were made for publicizing the reserve training program:

"Penny-pinching by the Akron-Canton Airport agencies caused the failure of the lease. There was a lack of agreement on landing and maintenance fees charged the Air Force."

Taking issue with the version of the 1st Air Force general was airport manager Fred Bailey, who said the year-long talks on the airport improvement collapsed when the Air Force's final offer last month was rejected by the board which operates the airport jointly for Summit and Stark counties.

The rejection, Bailey said, was because "The Air Force wasn't willing to pay its way" on the same basis as commercial airlines.

Shows 'Paintings' at 2

DALLAS (AP)—Two-year-old Kevin Eliot Vogel, son of artist Donald Vogel, will have 25 paintings displayed in an art show at the Santa Barbara, Calif., museum next Monday. His paintings have been classified as "nonobjective" and "expressionist."

Poet, Author and Playwright Christopher Morley Dies at 66

ROSLYN HEIGHTS, N.Y. (AP) — Christopher Morley, poet, novelist, essayist and playwright, died Thursday at his home after a long illness. He was 66.

Morley was a prolific writer and in recent years remarked:

"It has been my custom for more than 30 years to amuse myself by getting out at least a book a year. This was not done intentionally to annoy anyone. The publishers made a profit on most of them and the trade was more than kind."

One of his best known works of recent years was his 1939 novel "Kitty Foyle."

The world knew him best as a novelist, essayist and lecturer but he preferred to regard himself as a poet. He once said: "I have never been completely happy except when writing verse."

Morley had been ill for about five years and suffered a series of minor strokes. He generally went to New York City from his Long Island home about once a month for the regular meeting of the Book-of-the-Month Club Committee, of which he was a member.

Morley is survived by his widow the former Helen Booth Fairchild; a son, the Rev. Christopher Morley Jr.; three daughters, Mrs. James Cochrane of London, England, and Mrs. Whitney Woodruff and Miss Blythe Morley of New York City, and two brothers, Felix V. Morley, a writer, and Frank V Morley, an educator.

Funeral services will be held Sunday.

No Cause for Alarm

WASHINGTON (AP)—The National Foundation for Infantile Paralysis said today the present temporary shortage of Salk polio vaccine is not cause for alarm.

Basil O'Connor, foundation president, described the increased use of vaccine as "very encouraging," and said the current short supply might simply require a rearrangement of vaccination schedules.

He added that estimates indicate enough vaccine will be released between now and June 30 to provide two shots to all persons 40 and under who want them.

Seaway Talk Set

ELYRIA, Ohio (AP)—Economic effects of the St. Lawrence Seaway will be discussed here April 9, when 200 officials from 21 northeastern Ohio counties are scheduled to meet. The talk will be given by Robert C. Hienton, chairman of the Industrial Development Committee of the Cleveland Chamber of Commerce.

False Teeth in Meter

NEWPORT, Ky. (AP)—Police are accustomed to find almost anything on or lodged in parking meters but Patrolman Daniel Shea came up with a new one Thursday. He found a set of false teeth on a meter.

Because the meter showed "violation", Sgt. Kenneth Jones suggested that Shea "charge" the teeth with overtime parking and bring them into police station.

They're being held there for their owner.

1957 Soil Bank Total To Hit 21 Million Acres

WASHINGTON (AP)—Final figures are expected to show that farmers plan to retire 21 million acres of land this year from production of cotton, wheat, corn, rice and tobacco under the soil bank program.

A report issued by the Agriculture Department Thursday showed that 20½ million acres have been pledged for retirement. The sign-up campaign will probably wind up next week. The maximum goal was 25 million acres.

Government payments farmers would earn totaled $570,717,000 — far short of the 750 million maximum authorized by law.

The payments by crops would be $228,437,000 for wheat, $162,007,000 for corn, $151,535,000 for cotton, $17,298,000 for tobacco and $11,438,000 for rice.
